ANNEX 1: Proposed drafting of modifications to NI electricity generation licences (excluding DSU licences – these are proposed in Annex 3)

#### NEW Condition 17a: Balancing Market Principles Code of Practice

- 1. The Licensee shall ensure that, in formulating and submitting Commercial Offer Data to the Single Market Operation Business in the Balancing Market under the Single Electricity Market Trading and Settlement Code (whether by the Licensee itself or by any person acting on its behalf in relation to a generation set for which the Licensee is the licensed generator), it acts so as to ensure its compliance with the Balancing Market Principles Code of Practice.
- 2. The Authority shall publish and, following consultation with the holders of Generation Licences and such other persons as the Authority considers appropriate, from time to time by direction amend, a document to be known as the Balancing Market Principles Code of Practice, which:

(a) shall apply to such categories of Commercial Offer Data submitted into the Balancing Market as may be specified in the Code of Practice from time to time;

(b) shall make such provision as appears requisite to the Authority for the purpose of securing that such Commercial Offer Data are cost-reflective

and the Authority may elect to perform the functions conferred by this paragraph jointly with the Commission for Energy Regulation.

- 3. The Authority may issue directions to the Licensee for the purposes of securing that the Licensee, in carrying out the activity to which paragraph 1 refers, complies with this Condition and with the Code of Practice, and the Licensee shall comply with such directions.
- 4. The Licensee shall retain records of each set of Relevant Commercial Offer Data, and all of its supporting data relevant to the calculation of the components of such Relevant Commercial Offer Data, for a period of at least four years commencing

on the date on which the relevant Commercial Offer Data are submitted to the Single Market Operation Business.

- 5. The Licensee shall, if requested to do so by the Authority, provide the Authority with:
- (a) a reasoned explanation of its calculations in relation to any Relevant Commercial Offer Data; and
- (b) supporting evidence sufficient to establish the consistency of those Relevant Commercial Offer Data with the obligations of the Licensee under this Condition and the Code of Practice.
- 6. In any case in which Relevant Commercial Offer Data are submitted to the Single Market Operation Business which are not consistent with the Licensee's obligation under paragraph 1 of this Condition, the Licensee shall immediately inform the Authority and provide to the Authority a statement of its reasons for the Relevant Commercial Offer Data submitted.
- 7. The Licensee shall by 1 June in each year submit to the Authority a certificate, signed by at least one director on behalf of the board of directors of the Licensee, to confirm that during the period of twelve months ending on the preceding 31 March:
- (a) it has acted independently in relation to all submissions of Relevant Commercial Offer Data that have been submitted, by it or on its behalf, under the Single Electricity Market Trading and Settlement Code; and
- (b) no such submissions made by it or on its behalf have been co-ordinated with any other submissions made by or on behalf of another party to the Single Electricity Market Trading and Settlement Code.
- 8. The provisions of this Condition (other than those of this paragraph and paragraph 9 below which shall come into immediate effect) shall come into effect

on such day, and subject to such transitional arrangements, as the Authority may by direction appoint. Different days may be so appointed for different provisions and for different purposes.

## 9. In this Condition:

Balancing Market	has the meaning given to it in the Single Electricity Market Trading and Settlement Code, Part B;
Balancing Market Principles Code of Practice or Code of Practice	means the document of that title published by the Authority in accordance with paragraph 2, as it may be amended from time to time in accordance with the provisions of that paragraph;
Commercial Offer Data	has the meaning given to it in the Single Electricity Market Trading and Settlement Code as it may be amended form time to time;
Relevant Commercial Offer Data	means Commercial Offer Data falling within the category specified in the Code of Practice; and
Single Market Operation Business	has the meaning given to it in Northern Ireland Market Operator Licence.

#### **NEW Condition 19: Capacity Market Code**

1. The Licensee shall, in respect of any generation set which is owned or operated by it, either:

(a) be a party to and comply with, the Capacity Market Code insofar as applicable to it in its capacity as the holder of a licence under Article 10(1)(a) of the Order; or

(b) with the prior consent of the Authority, enter into an agreement to appoint an appropriate person to act as an Intermediary under the Capacity Market Code in respect of any generation set (as owned or operated by the Licensee) specified in the agreement.

- 2. The Licensee shall ensure that the person appointed as an Intermediary under an agreement entered into in accordance with paragraph 1(b):
  - (a) becomes a party to the Capacity Market Code; and
  - (b) complies with its obligations, in relation to any generation set which is specified in the agreement, in the capacity of Intermediary under the Capacity Market Code.
- 3. The provisions of this Condition (other than those of this paragraph and paragraph 4 below which shall come into immediate effect) shall come into effect on such day, and subject to such transitional arrangements, as the Authority may by direction appoint. Different days may be so appointed for different provisions and for different purposes.
- 4. In this Condition:

Capacity Market Code	has the meaning given to that term in the Transmission System Operator Licence; and
Intermediary	has the meaning given to that term in the Capacity Market Code.

# Condition 1: Interpretation and construction

- 1. Unless the contrary intention appears:
  - (a) words and expressions used in the Conditions or in Schedule 1 shall be construed as if they were in an enactment and the Interpretation Act (Northern Ireland) 1954 applied to them; and
  - (b) references to an enactment shall include subordinate legislation and in both cases any statutory modification or re-enactment thereof after the date when this licence comes into force.
- 2. Any word or expression defined for the purposes of any provision of Part II of the Order, of the Energy Order or the SEM Order shall, unless the contrary intention appears, have the same meaning when used in the Conditions or in the Schedules.

3.	In the Conditions and in the Schedules, unless otherwise specified or the context
	otherwise requires:

Affiliate	in relation to any person means any holding
	company of that person, any subsidiary of that
	person, or any subsidiary of a holding company
	of that person, in each case within the meaning
	of section 1159 of the Companies Act 2006.
Auditors	means the Licensee's auditors for the time
	being holding office in accordance with the
	requirements of Chapter 2 of Part 16 of the
	Companies Act 2006.
authorised	in relation to any business or activity means
	authorised by licence granted under Article 10
	or exemption granted under Article 9 of the
	Order.

authorised electricity	means any person (other than the Licensee in
operator	its capacity as the holder of this licence) who
	holds a licence granted pursuant to Article 10 of
	the Order or whose activities are exempt
	pursuant to Article 9 of the Order, and any
	person transferring electricity across an
	interconnector or who has made an application
	for use of an interconnector which has not been
	refused;
Authority	means the Northern Ireland Authority for Utility
	Regulation.
cancel	in relation to the Authority, means the exercise
	of its cancellation powers.
cancellable generating	means a generating unit agreement which may
unit agreement	be the subject of a cancellation direction, being
	the generating unit agreements specified in
	Annex 4 (as it may be modified from time to
	time) of the NIE Energy Supply Licence.
cancellation direction	means a direction issued by the Authority to
	cancel a cancellable generating unit
	agreement.
	5
cancellation powers	means the powers of the Authority to direct any
	party to a cancellable generating unit
	agreement to terminate that agreement upon
	such date or the happening of such event as
	shall be specified in the notice containing the
	direction.
Competition and Markets	means the body of that name established by
	section 25 of the Enterprise and Regulatory

Authority (CMA)	Reform Act 2013.
Department	means the Department of Enterprise, Trade and Investment.
designated	in relation to any agreement, arrangement, code, notice, proposal therefore or other document, means designated by the Department or the Authority (as the case may be) or on its behalf by means of initialling or descriptive reference whether for the purposes of any Condition of this licence or otherwise, but so that an agreement, arrangement, code, notice, proposal therefore or other document so designated may at the discretion of the Department of the Authority (as the case may be) cease to be designated if amended or modified in any material respect.
Directive Regulations	means the Electricity Order 1992 (Amendment) Regulations (Northern Ireland) 2005 and/or the Electricity Regulations (Northern Ireland) 2007;
Distribution Code	means, where the relevant distributor is authorised to distribute electricity by a licence granted under Article 10(1)(bb) of the Order, the code of that title required to be prepared by the relevant distributor
distribution system	means a system comprising wholly or mainly of low voltage electric lines owned and operated by an authorised electricity operator (excepting lines forming part of the transmission system or any Interconnector),

	г	
	and any other electric lines which the	
	Authority may specify as forming part of the	
	distribution system of the authorised	
	electricity operator, and includes any	
	electrical plant and meters of the authorised	
	electricity operator which are used in	
	connection with distribution by the authorised	
	electricity operator;	
Distribution System	means the person authorised, from time to	
Operator	time, to distribute electricity under the	
	successor distribution licence.	
electricity sale contract	<ul> <li>shall include (without limitation) any contract or arrangement under which provision is made for the making or receipt of payments by reference to the difference between:</li> <li>(a) an amount specified or ascertainable under the terms of such contract or arrangement; and</li> <li>(b) the price at which electricity is sold or purchased under, pursuant to or as required or permitted by the Single Electricity Market Trading and Settlement Code</li> </ul>	
	or any component of either of such prices.	
emissions	means the discharge of substances into the air.	
Energy Order	means the Energy (Northern Ireland) Order 2003.	

• • • •	
enforcement matter	means any matter in respect of which any
	functions of the Authority under Article 42 and
	Article 45 of the Energy Order are or may be
	exercisable;
<i>a</i>	
financial year	has the meaning given in paragraph 1 of
	Condition 2.
General Consumer	means the General Consumer Council for
Council	Northern Ireland.
generating unit	means a power purchase agreement between
agreement	a generator and the Power Procurement
	Business in respect of a generation set or
	combination of generation sets.
Generation Business	means the authorised business of the Licensee
	or any affiliate or related undertaking of the
	Licensee in the generation of electricity or the
	provision of System Support Services.
generation set	means any plant or apparatus for the
	production of electricity.
generator	means a person authorised by a licence
	granted under Article 10(1)(a) of the Order.
Grid Code	means the code of that title required to be
	prepared by the Transmission System
	Operator, in its capacity as the operator of the
	transmission system, in accordance with the
	Transmission System Operator Licence.
holding company	means a holding company within the meaning
	of section 1159 of the Companies Act 2006.

•••••••••••••••	
interconnector	means electric lines and electrical plant and
	meters used for conveying electricity only
	directly to or from a substation or converter
	station on the Island of Ireland into or out of the
	Island of Ireland, and (for the avoidance of
	doubt) does not include the North/South
	Circuits.
Intermediary	has the meaning given in the Single Electricity
	Market Trading and Settlement Code.
Island of Ireland	means Northern Ireland and the Republic of
	Ireland.
licensed electricity	means a person authorised to supply electricity
supplier	by a licence granted under Article 10(1)(c) of
	the Order.
Licensee	means the person identified as such in the
	Grant and Terms of this Licence, and (where
	the context so requires) shall include any
	business in respect of which the Licensee is a
	successor company.
modification	includes addition, omission, amendment and
	substitution; and cognate expressions shall be
	construed accordingly.
NIE Energy Supply	means the licence granted under Article
Licence	10(1)(c) of the Order to Northern Ireland
	Electricity plc on 31 March 1992 and
	transferred to NIE Energy Limited (a body
	corporate registered in Northern Ireland under
	company number NI27394) on 1 November

	2007 pursuant to a statutory transfer scheme.
	,
North/South Circuits	means the electric lines and electrical plant and
	meters used for conveying electricity directly to
	or from a substation or converter station within
	Northern Ireland directly to or from a substation
	or converter station within the Republic of
	Ireland.
Northern Ireland Fuel	means the document of that title designated as
Security Code	such by the Department as from time to time
	amended in accordance with its provisions,
	dealing with the co-operation of licence holders
	in strategic contingency planning in respect of
	fuel stocks, the modification of the merit order
	and certain other systems and procedures
	under the Grid Code during periods when the
	Department has given and there is in force one
	or more directions under Article 37(4) of the
	Order, the entitlement of the Licensee and
	other authorised electricity operators to and the
	collection of certain payments in anticipation of,
	during and after the expiry of any such periods,
	and connected matters.
notice	means (unless otherwise specified) notice
	given either in writing or by electronic data
	transfer.
Northern Ireland Market	means the licence granted, under Article
Operator Licence	10(1)(d) of the Order, to SONI Limited (a body
	corporate registered in Northern Ireland under
	company number NI038715) on 3 July 2007.

Order	means th 1992;	ne Electricity (Northern Ireland) Order
Power Procurement	has the r	meaning given to it in the NIE Energy
Business	Supply L	icence.
power purchase	means a	contract for the provision to the
agreement	Licensee	e or any other authorised electricity
	operator	of the whole or any part of the
	available	e capacity and/or the sale or other
	disposal	to the Licensee or any other
	authorise	ed electricity operator of the whole or
	any part	of the output of a generation set or
	combina	tion of generation sets.
power station agreement	means:	
	(a)	in relation to the Licensee, an
		agreement made with effect from 1
		April 1992 between the Licensee and
		the Power Procurement Business in
		relation to matters concerning a
		generating station and designated for
		the purposes of this licence, as
		amended from time to time; and
	(b)	in relation to any other generator, an
		agreement made with effect from 1
		April 1992 between that generator
		and the Power Procurement
		Business in relation to matters
		concerning a generating station and
		designated for the purposes of this
		licence, as amended from time to

	time.
related undertaking	in relation to any person means any
	undertaking in which that person has a
	participating interest within the meaning of
	section 421A of the Financial Services and
	Markets Act 2000.
relevant distributor	means the owner and operator of the
	distribution system to which any generation set
	of the Licensee is, or is to be, connected.
relevant exempt self-	means a relevant exempt self supplier within
supplier	the meaning of the Electricity (Class
	Exemptions from the Requirement for a
	Licence) Order (Northern Ireland) 2013.
relevant supplier	means a licensed electricity supplier or a
	relevant exempt self supplier.
representation	includes any objection or any other proposal
	made in writing.
SEM Go-Live	means the time and date designated as such
	means the time and date designated as such
	by the Authority (with the consent of the
	Department) for the purpose of licences
	granted under the Order, being the
	commencement date for a number of matters
	including the Single Electricity Market.
SEM Order	means the Electricity (Single Wholesale
	Market) (Northern Ireland) Order 2007.
Separate Business	means each of the Generation Business and
	the Supply Business (if any) each taken

	separately from one another and from any
	other business of the Licensee or any affiliate
	or related undertaking of the Licensee, but so
	that where all or any part of such business is
	carried on by an affiliate or related undertaking
	of the Licensee such part of the business as is
	carried on by that affiliate or related
	undertaking shall be consolidated with any
	other such business of the Licensee (and of
	any other affiliate or related undertaking of the
	Licensee) so as to form a single Separate
	Business.
Single Electricity Market	means the single wholesale electricity market
	for the Island of Ireland, implemented in
	Northern Ireland pursuant to Section 23 of the
	Northern Ireland (Miscellaneous Provisions) Act
	2006;
Single Electricity Market	bee the meaning given to that form in the
Single Electricity Market	has the meaning given to that term in the
Trading and Settlement	Northern Ireland Market Operator Licence.
Code	
subsidiary	means a subsidiary within the meaning of
	section 1159 of the Companies Act 2006.
successor company	bears the meaning ascribed to it for the
	purposes of Part III of the Order.
successor distribution	means the licence, held by Northern Ireland
licence	Electricity Limited, which has effect under
	Article 10(1)(bb) of the Order (to distribute
	electricity) pursuant to Regulation 90(1)(b) of
	the Gas and Electricity (Internal Markets)
	• ` ' '

	Regulatio	ons (Northern Ireland) 2011
	[SR2011/155].	
		, 100].
successor transmission	means th	e licence which has effect as a licence
licence	under Ar	ticle 10(1)(b) of the Order pursuant to
	Regulatio	on 90(1)(b) of the Internal Markets
	Regulatio	ons and is held by Northern Ireland
	Electricity Limited (a body corporate registered	
		ern Ireland under company number
	NI026041).	
		.,.
Supply Business	means the authorised business (if any) of the	
	Licensee	or any affiliate or related undertaking
	of the Licensee as a licensed electricity	
	supplier.	
System Support Services	means:	
	(a)	spinning reserve, fast start, black
		start, reactive power, frequency
		control and such other services as
		the Licensee may be required to
		have available as system support
		services in association with any
		generation set pursuant to the Grid
		Code or the Distribution Code,
		including outage planning incentive
		arrangements;
	(b)	any services relating to a reduction of
		demand or other demand side
		measures that can be taken by a final
		consumer (or any person acting on
		behalf and with the authority of a final

consumer);	
(c) any services that the Licensee m	ay
have agreed to have available	as
being system support services	in
association with any generation	set
pursuant to an agreement made v	ith
the Transmission System Operator	or
the Distribution System Operator,	
and which may be required by or offe	ed
(whether by way of sale or otherwise) to	he
Transmission System Operator or, as the ca	se
may be, the Distribution System Operator	for
the purpose of securing stability of operation	on
the transmission system or the distribut	on
system and/or on any other system linked	to
the transmission system or a distribut	on
system by an interconnector.	
total system means the transmission system, and the	
distribution system owned and operated by the	е
holder of the successor distribution licence,	
taken together.	
Transmission Owner         means the person authorised, from time to	
time, under the successor transmission licent	e
in its capacity as the holder of that licence.	
transmission system     means the system of electric lines owned by	
the Transmission Owner and comprising high	
voltage lines and electrical plant and meters	
used for conveying electricity from a generati	ng
station to a substation, from one generating	

	station to another, and from one substation to
	another within the Transmission Owner's
	authorised transmission area (including such
	part of the North/South Circuits as is owned by
	the Transmission Owner) (except any such
	lines which the Authority may approve as being
	part of a distribution system) and any other
	electric lines which the Authority may specify as
	forming part of the transmission system but
	shall not include any interconnector.
Transmission System	means the person authorised, from time to
Operator	time, to participate in the transmission of
	electricity under the Transmission System
	Operator Licence, in its capacity as the holder
	of that licence.
Transmission System	means the licence granted under Article
Operator Licence	10(1)(b) of the Order, to SONI Limited (a body
	corporate registered in Northern Ireland under
	company number NI038715) on 3 July 2007.
undertaking	bears the meaning ascribed to it by section
	1161 of the Companies Act 2006.

- 4. Unless otherwise specified:
  - (a) any reference to a numbered Condition or to a numbered Schedule is respectively a reference to the Condition or the Schedule bearing that number in this licence;
  - (b) any reference to a numbered paragraph is a reference to the paragraph bearing that number in the Condition or Schedule in which the reference occurs; and

- (c) (without prejudice to any provision which restricts such variation, supplement or replacement) any reference to any agreement, licence (other than this licence), code or other instrument shall include a reference to such agreement, licence, code or other instrument as varied, supplemented or replaced from time to time.
- 5. The heading or title of any Part, Condition, Schedule or paragraph shall not affect the construction thereof.
- 6. Where any obligation of the Licensee is expressed to require performance within a specified time limit that obligation shall continue to be binding and enforceable after that time limit if the Licensee fails to perform that obligation within that time limit (but without prejudice to all rights and remedies available against the Licensee by reason of the Licensee's failure to perform within the time limit).
- 7. The provisions of section 24 of the Interpretation Act (Northern Ireland) 1954 shall apply for the purposes of the delivery or service of any document, direction or notice to be delivered or served pursuant to this licence and directions issued by the Authority pursuant to any Condition shall be delivered or served as aforesaid.

# Condition 14: Single Electricity Market Trading and Settlement Code

- 1 The Licensee shall, in respect of any generation set which is owned or operated by it, either:
  - (a) be a party to and, in so far as applicable to it in its capacity as the holder of a licence under Article 10(1)(a) of the Order, comply with the Single Electricity Market Trading and Settlement Code; or
  - (b) with the prior consent of the Authority, enter into an agreement to appoint an appropriate person to act as an Intermediary under the Single Electricity Market Trading and Settlement Code in respect of any generation set (as owned or operated by the Licensee) specified in the agreement.
- 2 The Licensee shall ensure that the person appointed as an Intermediary under an agreement entered into in accordance with paragraph 1(b):
  - (a) becomes a party to the Single Electricity Market Trading and Settlement Code; and
  - (b) complies with its obligations, in relation to any generation set which is specified in the agreement, in the capacity of Intermediary under the Single Electricity Market Trading and Settlement Code.

# 3. In this Condition:

Intermediary	has the meaning given in the Single Electricity
	Market Trading and Settlement Code.

## Condition 17: Cost-Reflective Bidding in the Single Electricity Market

- 1. The Licensee shall ensure that the price components of all Commercial Offer Data submitted to the Single Market Operation Business under the Single Electricity Market Trading and Settlement Code, whether by the Licensee itself or by any person acting on its behalf in relation to a generation set for which the Licensee is the licensed generator, are cost-reflective.
- 2. For the purposes of this Condition, the price component of any Commercial Offer Data shall be treated as cost-reflective only if, in relation to each relevant generation set, the Schedule Production Cost related to that generation set in respect of the Trading Day to which the Commercial Offer Data submitted by or on behalf of the Licensee apply is equal to the Short Run Marginal Cost related to that generation set in respect of that Trading Day.
- 3. For the purposes of paragraph 2, the Short Run Marginal Cost related to a generation set in respect of a Trading Day is to be calculated as:
  - (a) the total costs that would be attributable to the ownership, operation and maintenance of that generation set during that Trading Day if the generation set were operating to generate electricity during that day;

minus

(b) the total costs that would be attributable to the ownership, operation and maintenance of that generation set during that Trading Day if the generation set was not operating to generate electricity during that day,

the result of which calculation may be either a negative or a positive number.

4. For the purposes of paragraph 3, the costs attributable to the ownership, operation or maintenance of a generation set shall be deemed, in respect of each relevant cost-item, to be the Opportunity Cost of that cost-item in relation to the relevant Trading Day.

- 5. The Authority may publish and, following consultation with generators and such other persons as it considers appropriate, from time to time by direction amend, a document to be known as the Bidding Code of Practice, which shall have the purposes of:
  - (a) defining the term Opportunity Cost;
  - (b) making provision, in respect of the calculation by the Licensee and other generators of the Opportunity Cost of specified cost-items, for the treatment of:
    - the costs of fuel used by generators in the generation of electricity;
    - (ii) the value to be attributed to credits issued under the Emissions Trading Scheme established by the European Commission;
    - (iii) variable operational and maintenance costs;
    - (iv) start-up and no load costs; and
    - (v) any other costs attributable to the generation of electricity; and
  - (c) setting out such other principles of good market behaviour as, in the opinion of the Authority, should be observed by the Licensee and other generators in carrying out the activity to which paragraph 1 refers.
- The Licensee shall, in carrying out the activity to which paragraph 1 refers, act so as to ensure its compliance with the requirements of the Bidding Code of Practice.
- 7. The Authority may issue directions to the Licensee for the purpose of securing that the Licensee, in carrying out the activity to which paragraph 1 refers, complies with the requirements of this Condition and of the Bidding Code of Practice, and the Licensee shall comply with any such directions.
- 8. The Licensee shall retain each set of Commercial Offer Data, and all of its supporting data relevant to the calculation of the price component of that

Commercial Offer Data, for a period of at least four years commencing on the date on which the Commercial Offer Data is submitted to the Single Market Operation Business.

- 9. The Licensee shall, if requested to do so by the Authority, provide the Authority with:
  - (a) a reasoned explanation of its calculations in relation to any Commercial Offer Data; and
  - (b) supporting evidence sufficient to establish the consistency of that data with the obligations of the Licensee under this Condition.
- 10. In any case in which Commercial Offer Data are submitted to the Single Market Operation Business which are not consistent with the Licensee's obligation under paragraph 1 of this Condition, the Licensee shall immediately inform the Authority and provide to the Authority a statement of its reasons for the Commercial Offer Data submitted.
- 11. The Licensee shall by 1 June in each year submit to the Authority a certificate, signed by at least one director on behalf of the board of directors of the Licensee, to confirm that during the period of twelve months ending on the preceding 31 March:
  - (a) it has acted independently in relation to all submissions of Commercial Offer Data that have been made, by it or on its behalf, under the Single Electricity Market Trading and Settlement Code; and
  - (b) no such submissions made by it or on its behalf have been coordinated with any other submissions made by or on behalf of any other party to the Code.
- 12. This Condition shall cease to have any effect from the date determined by the Authority subject to any transitional arrangements which the Authority may direct and without prejudice to the continuing enforceability of any rights or obligations which may have accrued or otherwise fallen due for performance

prior to that date (including any requirement to comply with the direction of the Authority issued prior to that date).

13. In this Condition:

	· · · · · · · · · · · · · · · · · · ·
Bidding Code of Practice	means the document of that title published
	by the Authority in accordance with
	paragraph 5, as it may be amended from
	time to time.
Commercial Offer Data	has the meaning given to it in the Single
	Electricity Market Trading and Settlement
	Code, as it may be amended from time to
	time.
Opportunity Coot	aboll have the meaning act out in and the
Opportunity Cost	shall have the meaning set out in, and the
	value calculated in accordance with, the
	terms of the Bidding Code of Practice.
Schedule Production Cost	has the meaning given to it in the Single
Conclude 1 roudellon Cost	Electricity Market Trading and Settlement
	Code, as it may be amended from time to
	time.
Short Run Marginal Cost	means certain costs attributable to the
	ownership, operation and maintenance of a
	generation set, as calculated in accordance
	with paragraph 3 of this Condition.
Single Market Operation	has the meaning given to it in the market
Business	operator licence for Northern Ireland.
Trading Day	has the meaning given to it in the Single
	Electricity Market Trading and Settlement
	Code, as it may be amended from time to
	time.]
