Our Ref: NET/W/TH/394

Date: 15th June 2021

Dear Ronan

PC21 – Monitoring Plan Information Requirements

Thank you for your response to the draft information requirements for the PC21 Monitoring Plan.

We have made minor amendments to the document in respect of the new consumer measures and we have adopted the revised submission dates requested by NI Water.

The principal stakeholders did not submit any comments on the draft guidance.

I attach the final version of the information requirements for the PC21 Monitoring Plan and look forward to receiving the draft monitoring plan submission in due course.

Yours sincerely

Tanya Hedley
Director of Compliance and Network Operations
