Dear Sarah,

Re: 2020 All Island Ten-Year Transmission Forecast Statement.

I refer to SONI's initial correspondence on 23 July 2021, the response to the RA queries on the 15 September 2021 and the follow-up correspondence received on the 16 September 2021, requesting RA approval of SONI's proposed version of the 2020 All-Island Ten Year Transmission Forecast Statement (TYTFS).

We have reviewed your proposal of the Forecast Statement and subsequent changes. I can confirm the Utility Regulator's approval of the Transmission System Capacity Statement in accordance with Condition 33 of SONI Transmission Licence.

Yours sincerely,

Tanya Hedley
Director of Networks
