Dear Roger

Transmission Power Quality Monitoring: Construction Allowance Determination

This letter sets out the Utility Regulator's decision in respect of Transmission Power Quality Monitoring construction costs under paragraph 4.34 of Annex 2 of the NIE Networks Transmission Licence.

Our decision takes account of the information provided to us in your submission of 2 September 2021 and the subsequent query process.

We have determined an additional allowed CAPEX amount (ACTR_X_t) of £796,932 (2020/21 price base) for the works as profiled below.

	Total Cost	Expenditure Profile	
		FY 21/22	FY 22/23
Pre-construction Works	796,932	527,346	269,586

We will publish the decision by uploading it to our website and including it in the public register required under Article 57 of the Electricity (Northern Ireland) Order 1992.

Under paragraph 4.35 of Annex 2 of the NIE Networks Transmission Licence the Utility Regulator may make a determination subject to conditions with which the Licensee shall be required to comply, including conditions as to the monitoring, audit and reporting in relation to the project. In respect of this determination the Licensee shall, in addition to ongoing RIGs reporting, maintain records of costs in sufficient granularity to provide a report, or reports, of costs against the headings identified in the submission of 2 September 2020 and shall report

these costs to the Utility Regulator on request. This will provide the Utility Regulator with additional information and experience which will help inform future decisions of this type.

Yours sincerely,

Tanya Hedley
