1. Message from John French, CEO

Dear Applicant,

Thank you for taking the time to read this Guide for Applicants.

This is an exciting time to join us. The organisation is expanding to fully support Northern Ireland in meeting the challenges of climate change, the continued cost-of-living crisis and ensuring continuity of energy and water supplies.

Electricity, gas and water are essential services that support all homes and businesses in Northern Ireland. As an economic regulator, it is our role to enable, incentivise and hold energy and water companies to account for providing the very best levels of service and price for consumers both now and in the future.

We want the Utility Regulator to be the best possible organisation to work for. We need passionate people who have the skills, potential and motivation to make a difference to the lives of people in Northern Ireland and its economy.

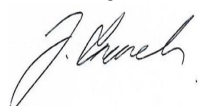

We are looking for people who share these goals and will pursue them with the highest standards of professionalism. We will recruit the best candidates from a range of diverse backgrounds. If you strive to provide the highest levels of service for the greater good and your professional values accord with our organisational values, working here will be exactly what you are looking for.

We are an employer of choice and are committed to staff wellbeing, inclusion and excellence. Recently, we were awarded Best Companies 'Very Good to Work For' status. We have also been successful in gaining the Investors in People Silver Award, the Diversity Mark and Disability Confident: Committed accreditations.

Working within the Price Controls Directorate, the Head of Electricity Price Controls will be part of the organisation's Senior Management Team, contributing to the development of the wider organisation. The scope and volume of the Utility Regulator's work continues to expand significantly as it supports the targets and aims within the Climate Change (Northern Ireland) Act 2022, and the Department for Economy's Energy Strategy. The successful candidate will lead the delivery of our electricity price controls through the management, planning and delivery of these price controls, alongside responsibility for relevant core business functions, such as budget and people management.

This is a permanent, full-time role, although flexible working will be considered.

Thank you for your interest. We look forward to receiving your application.

A handwritten signature in black ink, appearing to read 'J. French'.

John French, Chief Executive

2. About the Utility Regulator

The Utility Regulator is the independent non-ministerial government department responsible for regulating Northern Ireland's electricity, gas, water and sewerage industries, to promote the short and long-term interests of consumers.

We are not a policy-making department of government, but we make sure that the energy and water utility industries in Northern Ireland are regulated and developed within ministerial policy as set out in our statutory duties.

We are governed by a Board of Directors and are accountable to the Northern Ireland Assembly through financial and annual reporting obligations.

We are based at Millennium House, Great Victoria Street, in the centre of Belfast. The Chief Executive and two Executive Directors lead teams in each of the main functional areas in the organisation: Chief Executive Office; Price Controls, Networks and Energy Futures; and Markets, Consumer Protection and Enforcement. The staff team includes economists, engineers, accountants, utility specialists, legal advisors and administration professionals.

A dark blue rectangular infographic with a green L-shaped graphic element in the top right corner. It contains text about the organization's mission, vision, and values.

OUR MISSION
To protect the short and long-term interests of consumers of electricity, gas and water.

OUR VISION
To ensure value and sustainability in energy and water.

OUR VALUES

ACCOUNTABLE:
We take ownership of our actions.

TRANSPARENT:
Ensuring trust through openness and honesty.

COLLABORATIVE:
Connecting and working with others for a shared purpose.

DILIGENT:
Working with care and rigour.

RESPECTFUL:
Treating everyone with dignity and fairness.

Our diversity statement

Be UR Self

We recognise and value that everyone is unique and that we all have different minds. We want to celebrate your difference so that we can harness your unique talent. To that end, we are a diverse and inclusive organisation as we put the 'you are' into 'UR'. Our success is based on the diversity and uniqueness that each of us brings and on the willingness of staff to accept and value one another. This approach helps us protect consumers by making a positive difference to all households and businesses in Northern Ireland.

Equality welcoming statement

Northern Ireland continues to have an under-representation of women across STEM (Science, Technology, Engineering and Mathematics) industries. We are proud to support women in STEM. We are an equal opportunity and 'Disability Confident' employer. As people with a disability and people from ethnic minority communities are currently under-represented in our workforce, we would welcome applications from these groups.

What we do

Our statutory objectives are to:

- Protect the short and long-term interests of electricity, gas, water and sewerage consumers with regard to price and quality of service;
- Promote a robust and efficient water and sewerage industry, where appropriate, to deliver high quality services;
- Promote competition, where appropriate, in the generation, transmission and supply of electricity; and
- Promote the development and maintenance of an economic and coordinated natural gas industry.

Our work involves:

- Issuing and maintaining licences for gas, electricity, and water companies to operate in Northern Ireland;
- Making sure that these companies meet relevant legislation and licence obligations;
- Challenging these companies to keep the prices they charge as low as they can be;

- Encouraging regulated companies to be more efficient and responsive to customers;
- Working to encourage competition in the gas, electricity, water, and sewerage services markets;
- Setting the standards of service which regulated companies provide to customers in Northern Ireland; and
- Acting as an adjudicator on certain customer complaints, disputes, and appeals.

We hold concurrent competition law powers and are Northern Ireland's competition authority for its electricity, gas, water and sewerage industries. We have quasi-judicial powers to determine certain complaints, disputes and appeals.

In order to help us protect the interests of electricity, gas and water consumers in Northern Ireland, we work with a range of partner organisations. These include:

- Northern Ireland Executive and Assembly;
- Northern Ireland government departments;
- Energy and water utility companies;
- The Consumer Council for Northern Ireland;
- Government departments and bodies in Great Britain and Ireland, including Ofgem, Ofwat, the Water Industry Commission for Scotland and the Commission for Regulation of Utilities; and
- Non-governmental organisations.

3. About the role

Role:	Head of Electricity Price Controls
Directorate:	Price Controls, Networks and Energy Futures
Line manager:	Director of Price Controls

Key dates for applicants

Closing date: **2:00pm, Wednesday 6 August 2025**

Assessments and interviews are expected to take place early September.

Terms and conditions

Contract	Permanent, full-time. Flexible working arrangements will be considered.
Hours	37 hours per week.
Salary	£85,337 to £97,853 per annum
Pension	Northern Ireland Civil Service (NICS) pension arrangements.
Holidays	25 days per annum (rising to 30 days after two years), and an additional 12 public and privilege days.

We may create a reserve list from this competition to fill any additional suitable similar roles.

Role purpose

Working within the Price Controls Directorate, the Head of Electricity Price Controls will be part of the organisation's Senior Management Team, contributing to the development of the wider organisation. The scope and volume of the Utility Regulator's work continues to expand significantly as it supports the targets and aims within the Climate Change (Northern Ireland) Act 2022, and the Department for Economy's Energy Strategy. The successful candidate will lead the delivery of our electricity price controls through the management, planning and delivery of these price controls, alongside responsibility for relevant core business functions, such as budget and people management.

Main responsibilities

Your main responsibilities are set out below.

- Display the values of the Utility Regulator and the Northern Ireland Civil Service's Code of Ethics.

- Work openly and collaboratively as a member of the Senior Management Team, ensuring the Utility Regulator is led effectively to achieve our statutory and strategic duties and our Corporate Strategy.
- Lead all electricity price control work (networks, wholesale and retail) ensuring your teams deliver their duties, plans and strategies, while focusing on the areas that represent the most significant regulatory risk or opportunity.
- Demonstrate strong intellectual and analytical capabilities and possess the commercial acumen to identify opportunities, assess risks and provide sound judgment in relation to regulation, policy and organisational issues.
- Have an expert knowledge of the electricity market in Northern Ireland, Ireland and Great Britain.
- Empower others in your team to lead and work confidently and accountably in line with Utility Regulator values, to achieve high performance.
- Be credible and build and nurture constructive working relationships with a broad range of influential stakeholders, including the Department for Economy, Consumer Council for NI, Department for Energy Security and Net Zero, Commission for Regulation of Utilities, Ofgem and industry stakeholders.
- Committed to promoting and enhancing equality, diversity and inclusion, and building an open and accountable workplace where all staff have the opportunity to make a real difference.
- Protect electricity consumers in Northern Ireland by ensuring best practice approach to our electricity price controls and identifying regulatory violations.
- Oversee the quality and outputs of research, including analysis, learnings and timeliness, whilst delivering value for money.
- Undertake media and public activity around electricity price controls.
- Understand and apply the PRINCE2 Standard, and how it should be applied to price controls within the Utility Regulator.
- Have excellent drafting skills and the ability to review the written work of others.

- Oversee regulatory and organisational projects, ensuring timely delivery against sometimes ambitious deadlines whilst maintaining quality.
- Help team members deliver by building a supportive, inclusive team environment based on trust-based relationships, transparency, professionalism and inclusivity.
- Promote an organisational consumer focused culture that promotes the Utility Regulator's values, inspires and develops staff.
- Encourage and value staff contributions and proactive performance, communication and engagement at all levels through visible and collective leadership.

This list is not exhaustive and will change over time according to organisational need. The postholder will be required to carry out other duties as allocated by management.

Our statutory remit and organisational structure are continuing to evolve. It is therefore quite possible that the scope of the advertised role will evolve with consequential changes to the job description.

4. Selection criteria

This role is well suited to a value-driven leader with demonstratable experience of complex project management and good governance; strong analytical skills; excellent people management ability; leadership experience; high-level interpersonal skills; and significant experience in regulation, energy markets, water, economics, finance/audit, engineering or other related professions, will also be valuable.

Please note that you will be required to demonstrate fully the following essential criteria **1-3 on the application form** to be shortlisted for the next stage of the process.

Criteria 1 - 6 will be tested at the interview and assessment stages.

Essential criteria - application form	
1	At least five years' demonstrable experience of a leadership and management role, including the values-led development and performance management of staff.
2	At least five years' demonstrable experience of economic regulation, preferably working at a senior level in the electricity, gas and/or water sectors in: <ul style="list-style-type: none"> a) price controls; or b) economic regulation and working on developing regulatory frameworks to deliver enhanced consumer outcomes and protection; or c) operational aspects, investment drivers and service standards in the regulated utility sectors.
3	Demonstrable experience of building effective relationships and working constructively with key internal and external stakeholders at a senior level* to deliver significant outcomes which command confidence, transparency and respect.
Essential criteria - interview/assessment	
4	A proven track record of proactive project management to deliver quality outcomes of significant regulatory work programmes to tight timeframes, whilst under competing pressures.
5	Demonstrable and strong evidence of developing and implementing regulation and or policy (including horizon scanning) in conjunction with industry, consumer groups and government departments, at a senior level.
6	Ability to positively demonstrate by example, an understanding of and commitment to further workplace values that align to those of the Utility Regulator. (Our mission, vision and values can be found on page 4 of this pack.)

*Senior level means working at: organisational board level; or senior civil service level; or equivalent with a track record of dealing directly with Government Ministers on economic and/or utility related policy issue; or demonstration of a significant deputising role or leading large divisions of an organisation will also be considered as evidence of working at a senior level.

Key skills and competencies

In addition to satisfying the above essential criteria, applicants will be expected to display the following competencies and skills at interview and assessment stages.

Key skills and competencies	
Strategic cluster – setting direction 1. Seeing the big picture 2. Changing and Improving 3. Making Decisions Effective	Ability to anticipate long term impacts of the wider environment and shape a business area to support the work of the Utility Regulator. Ability to operate and influence at Board level and within a Board context. Ability to contribute to shaping and delivering strategy and work-plans. Ability to promote and ensure high levels of governance, contributing and conforming to highest standards of business governance and managing risk. 'Expert' in work area of regulation knowledge/skill. Ability to understand the regulatory/legislative framework within which the Utility Regulator operates and its impact on our purpose.
People cluster – engaging people 4. Leading and communicating 5. Collaborating and partnering 6. Building capability for all	Ability to promote inclusion of the Utility Regulator's values within individual and team ways of working. Strong management skills with ability to work with individuals and teams to deliver complex work programmes against challenging timetables. Ability to work in collaboration with other stakeholders to achieve shared objectives. Ability to work collaboratively with people at all grades. Ability to develop teams and individuals to enhance performance and meet business objectives. Ability to build and sustain internal and external relationships to foster a climate of openness, respect, co-operation and positive challenge.

Performance cluster – delivering results	Ability to understand the financial position of your own area, the organisation and the wider economy, and recognise impacts of this when delivering services.
7. Delivering value for money	Ability to make strategic choices on spend and use financial data effectively in decision making.
8. Managing a quality service	Promote a culture for value for taxpayers' money.
9. Delivering at pace	Ability to probe spend and develop robust business cases.
10. Achieving outcomes through commercial partners and contracts	Ability to drive a performance culture and set clear outcome focused objectives.
	Ability to efficiently manage a variety of resources to deliver quality outputs.
	Promote a strong focus on consumer needs and collaborative working with stakeholders and business partners to achieve common goals.

Competency Framework

You may wish to consider the Utility Regulator's Competency Framework when completing your application. A copy can be downloaded alongside this recruitment pack.

5. The recruitment and selection process

How to apply

Completed application forms must be received by **2:00pm, Wednesday 6 August 2025**.

Please submit your application by email, in MS Word format. A typed or scanned signature will be accepted. Please submit your completed Equal Opportunities Monitoring Form in a separate email labelled clearly 'Monitoring Form' in the subject line.

The onus is on you to ensure your application is received before the closing date. We will use the time it is received according to our computer systems, not the time sent from your email account.

Applications and queries must be emailed to recruitment@uregni.gov.uk.

If you have a disability and require assistance, we will facilitate this on request. If you wish to receive this information pack in an accessible format, please advise of your requirements as soon as possible as the closing date is the same for all applicants.

Monitoring Form

We monitor applications for employment in terms of community background, sex, disability and race. You should note that this information is regarded as part of your application and failure fully to complete and return it will result in disqualification.

The use and confidentiality of community background information is protected by the Fair Employment and Treatment (Northern Ireland) Order 1998. It will be used only for monitoring, investigations or proceedings under the requirements of the above legislation.

We are committed to equality of opportunity and welcome applications from all suitably qualified applicants irrespective of age, sexual orientation, marital status/civil partnership, dependants, religious belief, political opinion, gender reassignment, race, sex or disability.

Job applicant's privacy notice

We are the data controller for the personal information you provide as an individual seeking employment. This means we determine the purposes for which, and the manner in which, any personal information relating to your application and the recruitment procedure generally is processed. We are required under the General Data Protection Regulation (GDPR) to notify you of

the information contained in our Job Applicant's Privacy Notice. This notice describes how we collect and use personal information during the recruitment process and afterwards in accordance with GDPR and can be downloaded, in full, from www.uregni.gov.uk/publications/gdpr-privacy-notices.

Applications

In order to help you make this application and ensure that each applicant is provided with the same opportunity, the following advice is offered:

- Do not use acronyms, complex technical detail, etc. Write for the reader who will probably not know your employer or your job. Include concise examples and be sure you can expand on these at interview.
- Listing the titles of the various jobs which you have held will not show how you meet the criteria. The panel will not make assumptions about skills and experience gained from these or the nature/name of the organisation.
- Write down clearly your personal involvement in any experience you quote. Write 'I' statements, for example, I planned meetings, I managed a budget, I prepared a presentation. It is how you actually carried out the piece of work that the panel will be interested in.
- Identify relevant examples – this is very important as examples you provide may be checked out at interview and you need to be prepared to talk about them in detail if invited to interview. It is your unique role the panel is interested in, not your team's.

An application form is designed to ensure you provide the necessary information to determine how you meet the eligibility/short listing criteria required for this post. The panel may decide to interview only those applicants who appear, from the information provided on your application, to be most suitable in terms of relevant experience and ability.

Please note to ensure equality of opportunity for all applicants:

- On the application form you have been advised of the maximum space available for each question. This is the same for all applicants and must not be altered (except to delete spaces created when you type in your answer);
- CVs, letters, additional pages or any other supplementary material in place of, or in addition to, completed application forms will not be accepted;
- Information in support of your application will not be accepted after the closing deadline. Incomplete application forms will not be considered. Application forms received after the closing deadline or reformatted will not be accepted;

- Please note that the time of receipt of emailed applications will be defined by our computer systems, not the time and date sent; and
- Only details provided by you on your application form (employment history and eligibility criteria) will be provided to the selection panel for the purpose of determining eligibility and shortlisting for the post.

Assessing your application

After the closing date, the first stage in the selection process will be a sift of completed application forms against the essential criteria. You must demonstrate on the relevant page of the application form how you meet each criteria stated. If you do not fully demonstrate by example how you meet each of the criteria, you will not progress to the next stage. Please note, where the criteria requires experience for a minimum length of time, the panel will not refer to the employment history section to demonstrate this. You must state the dates in your answer.

You will be notified of the outcome (successful/unsuccessful) by email.

Assessment and interview

Following shortlisting, it is intended that the selection process will involve an assessment and interview against the criteria, key skills and competencies for the role. Panels may test any aspect of either the essential or key skills.

Additional selection stages may be needed. We intend that the interview process will take place in Millennium House, Great Victoria Street, Belfast. You will be informed of assessment and interview arrangements closer to the time and notified of the outcome (successful or unsuccessful) by email.

Disability requirements at interview

We ask on this application form if you require any reasonable adjustments (special requirements), due to disability, to enable you to attend interview. Details of any disability are only used for this purpose and do not form any part of the selection process.

If you have indicated that you have a disability and are successful in the selection process and being considered for appointment, you may be required to outline any adjustments you consider needed to take up an appointment. If you wish to discuss your disability requirements further, please email recruitment@uregni.gov.uk.

Further information

Further information about the work of the Utility Regulator can be found at www.uregni.gov.uk.

Should you have any further queries about the recruitment and selection process then please email recruitment@uregni.gov.uk.

Checklist for applicants

- Application Form (emailed by closing date).
- Equality Monitoring Form (emailed in a separate email).

6. Benefits of working for us

Key employee benefits

These headline terms will be included (amongst others) in a written contract of employment.

Your salary

The starting base salary will be in the range of £85,337 to £97,853 per annum. If you are successful, you will normally be offered the first point on the scale. You will be paid monthly in arrears via Bankers Automated Clearing Service (BACS).

Your pension

If you are successful, you will be employed as a civil servant and, as such, automatically enrolled into the NICS pension arrangements. Employer's contribution for this salary range is 34.25%. This is a generous, defined benefit pension scheme. Information about pensions can be found at www.finance-ni.gov.uk/topics/working-northern-ireland-civil-service/civil-service-pensions-ni

Your holiday entitlement

Holiday entitlement will be pro-rated based on 25 days per annum (increasing to 30 days after two years continuous service) and 12 public and privilege holidays. If, in your current role, you have already attained 30 days leave by dint of service with the Northern Ireland or Great Britain Civil Service, your entitlement will be 30 days from your start date (pro-rated).

Non-salary benefits

We offer a range of non-salary benefits including a supportive family friendly environment, flexible working in a hybrid setting, generous leave including special leave, maternity/paternity entitlement, wellbeing and employee programme (Inspire), supported learning and development, Cycle to Work Scheme, season ticket loan, payroll giving, volunteering opportunities and a culture that supports diversity and inclusion.

Hours of work

This is a full-time appointment; however, flexible working arrangements will be considered. Our offices are open for business between 7am and 7pm (Monday to Friday). Due to the nature of your position, you may be required to work such additional hours, over and above your standard hours, (37 hours excluding meal breaks) as necessary for the proper fulfilment of your duties for which no additional payment will be made.

Place of work

If appointed, you will be our employee and based at Millennium House, Great Victoria Street, Belfast. We operate a hybrid working pattern, which is an average of 40% of all staff working hours to be in person with colleagues, either on-site at Millennium House or on official business. This hybrid working pattern is subject to business need. The home working element of hybrid working is voluntary and while you may opt to be office based, we welcome applicants whose circumstances lend themselves to a degree of remote working.

Mobility

Excluding secondment opportunities, employment does not confer any right of mobility or transfer to a position in any other part of NICS (including any government department or agency) or to any non-departmental public body or other public body.

Probationary period

There will be a probationary period of six months and continued employment is dependent on the outcome of this. During the probationary period, your performance will be regularly monitored, and we reserve the right to extend it for such further period or periods as considered reasonably necessary to assess your performance further.

Additional information

If you are being considered for appointment, we will ask you to complete the AccessNI application form for a basic disclosure certificate. Full details will be provided with an offer of employment. Instructions can be found at www.nidirect.gov.uk/accessni.

You should not be put off applying because you have a conviction. We deal with all criminal record information in a confidential manner and information relating to convictions is destroyed after a decision is made. Criminal record information is subject to the provisions of the Rehabilitation of Offenders (NI) Order 1978.

As a Utility Regulator employee, you will be subject to various office policies, for example, rules on shareholdings, conflicts of interest and future appointments.

Proof of right to work in the UK and visa conditions

As part of our pre-employment checks, we are required by law to verify your right to work in the United Kingdom. The following conditions related to any future offer or employment with the Utility Regulator are detailed below.

You must provide satisfactory evidence of your right to work in the United Kingdom prior to commencing employment. Acceptable documents include, but are not limited to:

- A valid passport.
- National identity card or Home Office registration certificate.
- United Kingdom Border Agency work document if you need permission to work.

Employers can face unlimited fines if they employ illegal workers and need to make sure that no one they employ is working in the United Kingdom illegally. However, to protect themselves against discrimination laws they should treat all job applicants equally. So don't be offended if you're asked to prove your nationality, as all those who are made an offer of employment will be asked to provide proof of right to work. Please refer to the Home Office guidelines for a complete list of acceptable documents.

If your right to work in the United Kingdom is based on a visa or work permit, any future offer of employment is conditional upon:

- You providing a copy of your valid visa or work permit.
- The duration of which your visa or work permit covers.
- You maintaining your right to work status throughout your employment.

For further support on working in Northern Ireland, please visit www.nidirect.gov.uk/articles/working-northern-ireland or www.gov.uk/browse/visas-immigration/what-you-need-to-do

Please note that, if your application is shortlisted for interview, you will be asked to provide one of the above documents. Should you fail to do so, you may not be eligible to proceed. The successful candidate will be required to produce the same document in its original format before commencing employment.
