Dear Leanne,

Re: ENTSO-E ITC Costs for 2022-23 – Final Dt Approval

Thank you for the opex D_i submission of the 15 May 2024 regarding uplifted *Inter-Transmission Compensation (ITC)* costs from ENTSO-E.

Given the comprehensive review of invoices in previous years, we are content to provide approval for the uplifted sum requested of £453k under Annex 1, paragraph 8.6(a) of the licence for tariff year 2022-23. The amount approved is detailed below for confirmation.

Tariff Year	SONI Request (April 2019 prices)	UR Allowance (April 2019 prices)
2022-23	£453k	£453k

Combined with the original approval of £740k, this uplift allowance sets the cap of £1,193k (April 2019 prices) for costs which can be recovered in relation to this project. Given that the full allowance is being provided, we do not see any need for a draft determination on this occasion.

I trust this satisfies your requirements at this time. Should you have any comments regarding this letter, feel free to contact John Mills or Ciara Brennan.

Yours sincerely,

Peter Russell
