1. Message from John French, Chief Executive

Dear Applicant,

Thank you for taking the time to read this Guide for Applicants.

This is an exciting time to join us. We are expanding as an organisation to fully support Northern Ireland in meeting the challenges of climate change, the continued cost-of-living crisis and ensuring the continuity of energy and water supplies.

Electricity, gas and water are essential services that support all homes and businesses in Northern Ireland. As an economic regulator, it is our role to enable, incentivise and hold energy and water companies to account for providing the very best levels of service and price for consumers, now and in the future.

We want the Utility Regulator to be the best possible organisation to work for. We need passionate people who have the skills, potential and motivation to make a difference to the lives of people in Northern Ireland and its economy.

We are looking for people who share these goals and will pursue them with the highest standards of professionalism. We will recruit the best candidates from a range of diverse backgrounds. If you strive to provide the highest levels of service for the greater good and your professional values accord with our organisational values, working here will be exactly what you are looking for.

We are an employer of choice and are committed to staff wellbeing, inclusion and excellence. Recently, we were awarded Best Companies 'Very Good to Work For' status. We have also been successful in gaining the Investors in People Silver Award, the Diversity Mark and Disability Confident: Committed accreditations.

Working as a Finance Officer within the Utility Regulator, you will play a key role in providing operational support, including the processing of payment runs in accordance with the Utility Regulator's policy and prompt payment compliance. You will also maintain the Utility Regulator's contracts, business case and PPE database, and will assist with procurement administration duties, sales invoicing and debt recovery, VAT and month-end accounts processes within the Finance Team.

Thank-you for your interest in joining the Utility Regulator. We very much look forward to receiving your application.

2. About the Utility Regulator

The Utility Regulator is the independent non-ministerial government department responsible for regulating Northern Ireland's electricity, gas, water and sewerage industries, to promote the short and long-term interests of consumers.

We are not a policy-making department of government, but we make sure that the energy and water utility industries in Northern Ireland are regulated and developed within ministerial policy as set out in our statutory duties.

We are governed by a Board of Directors and are accountable to the Northern Ireland Assembly through financial and annual reporting obligations.

We are based at Millennium House, Great Victoria Street, in the centre of Belfast. The Chief Executive and two Executive Directors lead teams in each of the main functional areas of the organisation: Chief Executive Office; Price Controls, Networks and Energy Futures; and Markets, Consumer Protection and Enforcement. The staff team includes economists, engineers, accountants, utility specialists, legal advisors and administration professionals.

A dark blue rectangular infographic with a green L-shaped graphic element in the top right corner. It contains text about the organization's mission, vision, and values.

Our diversity statement

Be UR Self

We recognise and value that everyone is unique and that we all have different minds. We want to celebrate your difference so that we can harness your unique talent. To that end, we are a diverse and inclusive organisation and we put the 'you are' into 'UR'. Our success is based on the diversity and uniqueness that each of us brings and on the willingness of staff to accept and value one another. This approach helps us protect consumers by making a positive difference to all households and businesses in Northern Ireland.

Equality welcoming statement

Northern Ireland continues to have an under-representation of women across STEM (Science, Technology, Engineering and Mathematics) industries, we are proud to support women in STEM. We are an equal opportunity and 'Disability Confident' employer.

As people with a disability and those from ethnic minority communities are currently under-represented in our workforce, we would welcome applications from these groups.

What we do

Our statutory objectives are to:

- Protect the short and long-term interests of electricity, gas, water and sewerage consumers with regard to price and quality of service;
- Promote a robust and efficient water and sewerage industry, where appropriate, to deliver high quality services;
- Promote competition, where appropriate, in the generation, transmission and supply of electricity; and
- Promote the development and maintenance of an economic and coordinated natural gas industry.

Our work involves:

- Issuing and maintaining licences for gas, electricity, and water companies to operate in Northern Ireland;
- Making sure that these companies meet relevant legislation and licence obligations;
- Challenging these companies to keep the prices they charge as low as they can be;

- Encouraging regulated companies to be more efficient and responsive to customers;
- Working to encourage competition in the gas, electricity, water, and sewerage services markets;
- Setting the standards of service which regulated companies provide to customers in Northern Ireland; and
- Acting as an adjudicator on certain customer complaints, disputes, and appeals.

We hold concurrent competition law powers and are Northern Ireland's competition authority for its electricity, gas, water and sewerage industries. We have quasi-judicial powers to determine certain complaints, disputes and appeals.

In order to help us protect the interests of electricity, gas and water consumers in Northern Ireland, we work with a range of partner organisations. These include:

- Northern Ireland Executive and Assembly;
- Northern Ireland government departments;
- Energy and water utility companies;
- The Consumer Council for Northern Ireland;

Please submit your application by email, in MS Word format. A typed or scanned signature will be accepted. Please submit your completed Equal Opportunities Monitoring Form in a separate email labelled clearly 'Monitoring Form' in the subject line.

The onus is on you to ensure your application is received before the closing date. We will use the time it is received according to our computer systems, not the time sent from your email account.

Applications and queries must be emailed to recruitment@uregni.gov.uk.

If you have a disability and require assistance, we will facilitate this on request. If you wish to receive this information pack in an accessible format, please advise of your requirements as soon as possible as the closing date is the same for all applicants.

We monitor applications for employment in terms of community background, sex, disability and race. You should note that this information is regarded as part of your application and failure to fully complete and return it will result in disqualification.

The use and confidentiality of community background information is protected by the Fair Employment and Treatment (Northern Ireland) Order 1998. It will be used only for monitoring, investigations or proceedings under the requirements of the above legislation.

Job applicant's privacy notice

We are the data controller for the personal information you provide as an individual seeking employment. This means we determine the purposes for which, and the manner in which, any personal information relating to your application and the recruitment procedure generally is processed. We are required under the General Data Protection Regulation (GDPR) to notify you of

the information contained in our Job Applicant's Privacy Notice. This notice describes how we collect and use personal information during the recruitment process and afterwards in accordance with GDPR and can be downloaded, in full, from www.uregni.gov.uk/publications/gdpr-privacy-notices.

Applications

In order to help you make this application and ensure that each applicant is provided with the same opportunity, the following advice is offered:

- Do not use acronyms, complex technical detail, etc. Write for the reader who will probably not know your employer or your job. Include concise examples and be sure you can expand on these at interview.
- Listing the titles of the various jobs that you have held will not show how you meet the criteria. The panel will not make assumptions about skills and experience gained from these or the nature/name of the organisation.
- Write down clearly your personal involvement in any experience you quote. Write 'I' statements, for example, I planned meetings, I managed a budget, I prepared a presentation. It is how you actually carried out the piece of work that the panel will be interested in.
- Identify relevant examples – this is very important as examples you provide may be checked out at interview and you need to be prepared to talk about them in detail if invited to interview. It is your unique role the panel is interested in, not your team's.

An application form is designed to ensure you provide the necessary information to determine how you meet the eligibility/short listing criteria required for this post. The panel may decide to interview only those applicants who appear, from the information provided on your application, to be most suitable in terms of relevant experience and ability.

Please note to ensure equality of opportunity for all applicants:

- On the application form you have been advised of the maximum space available for each question. This is the same for all applicants and must not be altered (except to delete spaces created when you type in your answer);
- CVs, letters, additional pages or any other supplementary material in place of, or in addition to, completed application forms will not be accepted;
- Information in support of your application will not be accepted after the closing deadline. Incomplete application forms will not be considered. Application forms received after the closing deadline or reformatted will not be accepted;

- Please note that the time of receipt of emailed applications will be defined by our computer systems, not the time and date sent; and
- Only details provided by you on your application form (employment history and eligibility criteria) will be provided to the selection panel for the purpose of determining eligibility and shortlisting for the post.

Assessing your application

After the closing date, the first stage in the selection process will be a sift of completed application forms against the essential criteria. You must demonstrate on the relevant page of the application form how you meet each of the criteria.

If you do not fully demonstrate by example how you meet each of the criteria, you will not progress to the next stage. Please note, where the criteria require experience for a minimum length of time, the panel will not refer to the employment history section to demonstrate this. You must state the dates in your answer.

You will be notified of the outcome (successful/unsuccessful) by email.

Assessment and interview

Following shortlisting, it is intended that the selection process will involve an assessment and interview against the criteria, key skills and competencies for the role. Panels may test any aspect of either the essential, desirable criteria or key skills.

Additional selection stages may be needed. We intend that the interview process will take place in Millennium House, Great Victoria Street, Belfast. You will be informed of assessment and interview arrangements closer to the time and notified of the outcome (successful or unsuccessful) by email.

Disability requirements at interview

We ask on this application form if you require any reasonable adjustments (special requirements), due to disability, to enable you to attend interview. Details of any disability are only used for this purpose and do not form any part of the selection process.

If you have indicated that you have a disability and are successful in the selection process and being considered for appointment, you may be required to outline any adjustments you consider needed to take up an appointment. If you wish to discuss your disability requirements further, please email recruitment@uregni.gov.uk.
