Dear Roisin,

Re: - 'Consultation on Tariff Arrangements for Short Term Daily Capacity and Virtual reverse Flow production in Northern Ireland – 18 May 2012'

At this time AES are content with the preferred options and tariff proposals in the above paper. Specifically we agree with proposal that revenues from VFR and Short Term products will not form part of the Postalised Pot. Other than the above, we have no further comment to make on this consultation.

Kind regards
