Dear Stephen

Re: BGTL Code Modification Proposal 13

Thank you for your recent submission of the Final Modification Report (FMR) in respect of the above named proposal. The purpose of the modification is to update the existing BGTL code for compliance with EU legislation – an entry exit regime in NI and the CAM code in particular.

The Utility Regulation (UR) has considered the issues raised by this FMR.

BGTL conclusion

BGTL states in its FMR that the relevant objective (condition 2.4 of the BGTL Licence), would be better facilitated by the Licensee's Network Code as a result of this modification.

Authority review and conclusions

We note no responses were received by BGTL during the consultation period.

We have considered whether the proposal would better facilitate the 'relevant objective'.

Decision

As provided for in condition 2.4.7(c) of the BGTL licence we direct BGTL to implement the modifications as set out in the FMR dated 3rd September 2015. The modifications should become effective as set out FMR No. 13.

Yours sincerely,

Tanya Hedley
