Dear Avian

**Re: GNI(UK) Code Modification Proposal 19**

Thank you for your recent submission of the Final Modification Report (FMR) in respect of the above named proposal. The purpose of the modification is to address the balancing and scheduling arrangements required as a result of the implementation of the EU codes and the transition of the Northern Ireland transmission network to an entry-exit model.

The Utility Regulation (UR) has considered the issues raised by this FMR.

**GNI(UK) conclusion**

GNI(UK) states in its FMR that the relevant objective (condition 2.4 of the GNI(UK) Licence), would be better facilitated by the Licensee's Network Code as a result of this modification.

**Authority review and conclusions**

We note that no responses were received by GNI(UK) during the consultation period.

We have considered whether the proposal would better facilitate the 'relevant objective'.

**Decision**

As provided for in condition 2.4.7(c) of the GNI(UK) licence we direct GNI(UK) to implement the modifications as set out in the FMR submitted on 28<sup>th</sup> August 2015. The modifications should become effective as set out FMR No. 19.

Yours sincerely,

---
