Dear Stephen

**Re: PTL Code Modification Proposal 34**

Thank you for your recent submission of the Final Modification Report (FMR) in respect of the above named proposal. The purpose of the modification is to address the balancing and scheduling arrangements required as a result of the implementation of the EU codes and the transition of the Northern Ireland transmission network to an entry-exit model.

The Utility Regulation (UR) has considered the issues raised by this FMR.

**PTL conclusion**

PTL states in its FMR that the relevant objective (condition 2.4 of the PTL Licence), would be better facilitated by the Licensee's Network Code as a result of this modification.

**Authority review and conclusions**

We note that zero responses were received by PTL during the consultation period.

We have considered whether the proposal would better facilitate the 'relevant objective'.

## **Decision**

As provided for in condition 2.4.7(c) of the PTL licence we direct PTL to implement the modifications as set out in the FMR submitted on 21<sup>st</sup> August 2015. The modifications should become effective as set out FMR No. 34.

Yours sincerely,

---

**Tanya Hedley**  
**Director of Compliance and Network Operations**
