Dear Leigh,

Re: CORESO Membership – Final Dt Approval

Thank you for the opex Dt submission of the 27 March 2019 regarding CORESO membership fees.

These costs are relatively stable in nature and obligatory. Given that amounts are based on 2019 actual monthly invoices plus an inflation allowance, we are content to provide approval for the sum requested for tariff year 2019-20. Amount approved is detailed in the table below [in April 2014 prices¹].

Tariff Year	SONI Request (April 2014 prices)	UR Allowance (April 2014 prices)
2019-20	£140k	£140k

The approved allowance sets the cap for costs which can be recovered in relation to this project. For avoidance of doubt, TSO overspend (i.e. under recovery) cannot be automatically adjusted through the K-factor without further approval by the UR.

Should you have any comments, queries or issues regarding this letter, feel free to contact myself or Jody O'Boyle.

Yours sincerely,

Tanya Hedley
Director of Network Operations

¹ Approval in nominal terms (2019-20 prices) has not been provided. Such detail would depend upon forecast RPI figures which are subject to change based on actual inflation.
