Dear Leigh,

Re: System Support Services Contract (SSSC) Costs – Final Dt Approval

Thank you for the opex *Dt* submission of the 31 March 2019 regarding costs associated with the negotiation of the SSSC for system services at Kilroot power station (unit K1).

Demand for the work arose as a result of capacity auction results and subsequent derogation requests. Need is well established and the cost is additional to existing price control allowances.

Having reviewed the submission and query responses, we are content to provide a full approval of amounts requested. For confirmation, amounts approved are detailed in the table below by tariff year [and in April 2014 prices for ease of comparison with the current price control].

Tariff Year	SONI Claim (April 2019 prices)	UR Allowance (April 2019 prices)	UR Allowance (April 2014 prices)
2018-19	£106k ¹	£106k	£94k

I trust this satisfies your requirements. Should you have any comments, queries or issues regarding this letter, feel free to contact either myself or Jody O'Boyle.

Yours sincerely,

Tanya Hedley
Director of Network Operations

¹ Figure excludes costs associated with the CRM contingency planning exercise.
