Dear Sarah,

**Re: ENTSO-E ITC Costs for TY 2019-20 – Updated Dt Approval**

Thank you for the updated opex Dt submission of the 18 January 2021 regarding Inter-Transmission Compensation (ITC) costs from ENTSO-E for 2019-20.

Given that amounts are based on actual costs, we are content to provide approval for the nominal sum requested for tariff year 2019-20. As advised by the submission, nominal costs amounted to £577.5k which results in a slightly different allowance in April 2014 prices from that which SONI requested.

Amount approved is detailed in the table below in April 2014 prices.
