NOTICE UNDER ARTICLE 8(6) OF THE GAS (NORTHERN IRELAND) ORDER 1996

Pursuant to Article 8(6) of The Gas (Northern Ireland) Order 1996 (“the Order”) the Northern Ireland Authority for Utility Regulation (“the Authority”), hereby gives notice as follows:

- 1) The Authority, in accordance with Article 8(2)(a) of the Order, has granted an extension to the licence to supply gas (the “Licence”) held by Go Power¹ (the “Licensee”) by increasing the authorised area of the Licence.
- 2) The authorised area is set out in Schedule 1 of the Licence and this area has been extended to include the West Area. The West Area means the licensed area within Schedule 1 of the Scotia Gas Networks Conveyance licence².
- 3) The extension will allow the Licensee an opportunity to supply gas to customers within the West Area when the network in the West Area has been developed.
- 4) The Authority considers that granting the extension is an appropriate course of action for it to take, as such grant is in keeping with the Authority’s principal statutory objective to promote the development and maintenance of an efficient, economic and co-ordinated gas industry in Northern Ireland.
- 5) On 18 December 2015, the Authority published a [notice](#), under Article 8(4) of the Order, of its intention to extend the licence. The Authority asked for any representations or objections with respect to the proposed extension to be made on or before 22 January 2016. It received one response which was supportive of the proposed extension. A copy of this response is available on our website.
- 6) A copy of the extended Schedule 1 of the Licence is appended to this notice. The consolidated licence is also available to view on our website.
- 7) The Authority has sent a copy of this notice to the Licensee, the Department of Enterprise Trade and Investment and the Consumer Council.
