## **C2 COST BASE, BENCHMARKING AND EFFICIENCY STUDIES**

### **COST BASE**

#### **Introduction**

The Cost Base tables (C2-1 to C2-10) have been included in the attachments but are not required to be completed. The information is 'greyed out' as guidance on completion of these tables mirrors instructions which have already been issued to the company as part of a separate Cost Base submission. No action is therefore required on NIW's behalf in relation to a Cost Base return as part of the Business Plan information tables.
