- (a) conform to UK generally accepted accounting principles and practices;

1.2.9 Publication of Accounting Statements

The Authority may direct the Licensee to publish such accounting statements and reports (including but not limited to an auditor's report) as the Licensee is required to deliver to the Authority under this Condition 1.2 with the annual accounts of the Licensee.

1.2.10 Construction of "costs or liabilities"

References in this Condition to costs or liabilities of, or reasonably attributable to, any Separate Business shall be construed as excluding taxation, capital liabilities which do not relate principally to a particular Separate Business, and interest thereon; and references to any accounting statement shall be construed accordingly.

1.2.11 Additional Definition

"UK generally accepted accounting principles and practices" means the principles and

practices prevailing from time to time in Ireland which are generally regarded as permissible or legitimate by the accountancy profession irrespective of the degree of use.
