1.7.3 **Licensee to take reasonable steps to keep relevant persons informed**

Except in so far as the Authority otherwise consents, if in respect of any premises any person so authorised is an officer or employee of an agent of the Licensee, the Licensee shall take reasonable steps to inform and keep informed all persons to whom the information is relevant, including domestic consumers and any other Licence holders, naming the agent in question and shall give that information in a verifiable and authoritative manner.
Condition 1.8: Exercise of Powers of Entry

1.8.1 Licensee to avoid undue disturbance

In exercising the powers of entry conferred on it by Schedule 5 to the Order, the Licensee shall avoid undue disturbance to owners or occupiers of premises as a result of visits being made to their premises by persons authorised by the Licensee.

1.8.2 Construction of Condition 1.8.1

In this Condition any reference to the conferring on the Licensee of powers of entry under Schedule 5 to the Order or to the exercise of such powers shall be construed as a reference to the conferring on a person authorised by the Licensee of such powers and the exercise by such an authorised person of those powers.
Condition 1.9: Modifications

1.9.1 Modification of Licence Conditions

The Conditions of this licence are subject to modification in accordance with their terms or with Articles 14, 17, 17A or 18 of the Order or with any provision for the modification of the same in the Energy Order.

1.9.2 Introduction of postalisation

The Authority may in addition if so required by the Department, after consultation with the Licensee, by notice to the Licensee modify the Conditions of the Licence (but not, for the avoidance of doubt, the Schedules) for the purpose of making any changes necessary or expedient for the purpose of postalisation which satisfy the requirements of Condition 1.9.3.

1.9.3 Scope of postalisation modifications

A modification made under Condition 1.9.2 shall not have the effect of:

(a) amending the principles set out in Condition 2.2.1.2 or any Formula determined in accordance with Condition 2.2.1.3.; or

(b) amending the scope of the Licensed Area set out in Condition 2.1; or

(c) affecting for better or worse the economic return or the time over which such return is achieved by the Licensee in respect of its operations under the Licence except where the Licensee agrees to such change.
**Condition 1.10: Assignment of Licences**

1.10.1 **Licensee's ability to assign its Licence**

For the purposes of Article 12 of the Order, the Licensee with the prior consent of the Authority may assign the Licence either generally, or so far as relating to the whole or any part of the Licensed Area.

1.10.2 **Matters affecting an assignment**

In deciding whether to give its consent under Condition 1.10.1 the Authority shall apply those criteria contained in Article 12(3) of the Order, and any consent shall be subject to compliance with the matters determined by the Authority under Article 12(4) of the Order.

1.10.3 **Licensee may not otherwise assign its Licence**

Save as the Licensee is authorised to assign the Licence under this Condition 1.10, the Licensee may not otherwise assign the Licence without the consent of the Authority.
Condition 1.11: Transfer of Business

1.11.1 Restrictions on transfer of business in conveying gas

Subject to Condition 1.11.2, the Licensee shall not transfer to another person (the "transferee") all or part of any of its business comprising the conveyance of gas carried out under the Licence.

1.11.2 Exception to Conditions 1.11.1

Nothing in Condition 1.11.1 shall prevent the Licensee from transferring all or the relevant part of its business to the assignee where the Authority has consented to the assignment of all or the relevant part of the Licence under Article 12 of the Order or the Licensee has assigned all or the relevant part of the Licence in accordance with Condition 1.10.

1.11.3 Bringing forward of proposals for assignment of the Licence

The Licensee shall use all reasonable endeavours to bring forward a proposal within 24 months of the date of Grant which is satisfactory to the Authority and the Department for the formation of a special purpose vehicle to carry on the Licensed Business and to which the Licensed Business may be transferred subject to the consent of the Authority to the assignment of the Licence under Article 12 of the Order.

1.11.4 Meaning of special purpose vehicle

For the purpose of Condition 1.11 only a “special purpose vehicle” means a company whose sole activity is the carrying on of the Licensed Business.
**Condition 1.12: Disposal of Relevant Assets**

1.12.1 **Licensee not to dispose of or relinquish operational control of relevant assets**

Except:

(a) in relation to an assignment permitted under Condition 1.10 and the disposal or relinquishing of operational control of any relevant asset necessary for the assignment to have effect; or

(b) in relation to a transfer of business permitted under Condition 1.11 and the disposal or relinquishing of operational control of any relevant asset necessary for the transfer to have effect; or

(c) in so far as the Authority consents to the Licensee so doing; or

(d) where the Licensee has relevant assets which do not form an integral part of the Network, or are not otherwise required for continuous system control and data acquisition or the safe and continuous operation of the Network, which may be the subject of arms length asset and financing leasing arrangements;

the Licensee shall not dispose of or relinquish operational control over any relevant asset if the disposal or relinquishing of control would materially affect its ability to discharge its obligations under the Order or the Energy Order or the carrying on of activities authorised or required by the Licence and any question arising under this Condition 1.12.1 as to whether such disposal or relinquishing of control is such as aforesaid shall be determined by the Authority.

1.12.2 **Notice to be given to Authority**

Save as provided in Condition 1.12.3 or in so far as the Authority otherwise consents, the Licensee shall give to the Authority not less than two months prior written notice of its intention to dispose of or relinquish operational control over any relevant asset, together with such further information as the Authority may request relating to such asset or the circumstances of such intended disposal or relinquishment of control or to the intentions in regard thereto of the person proposing to acquire such asset or operational control over such asset.
1.12.3 Notice not required for minor disposals

The Licensee shall not be required to give the Authority any notice of its intention to dispose of or relinquish operational control of any relevant asset having a value of less than £25,000 in [December 2001] prices (such sum to be adjusted annually by reference to the retail price index), provided that:

(a) the disposal of or relinquishing of operational control of such relevant asset would not materially affect the Licensee's ability to discharge its obligations under the Order or the Energy Order or the carrying on of activities required by the Licence; and

(b) the disposal or relinquishing of any such relevant assets does not exceed an aggregate value of £250,000 in [December 2001] prices (such sum to be adjusted annually by reference to the retail price index), in any period of twelve months.

1.12.4 Disposal allowed with consent of the Authority

The Licensee may dispose of or relinquish operational control over any relevant asset where:

(a) the Authority confirms in writing that it consents to such disposal or relinquishment before such disposal or relinquishment occurs (which consent may be made subject to the acceptance by the Licensee or any third party in favour of whom the relevant asset is proposed to be disposed or operational control is proposed to be relinquished of such conditions as the Authority may specify); or

(b) the Authority does not inform the Licensee in writing of any objection to such disposal or relinquishment of control within the notice period referred to in Condition 1.12.2.

1.12.5 Consultation with other Licence holders

Any consent of the Authority pursuant to Condition 1.12.4 shall be given after the Authority shall have consulted and taken into consideration any representations made in a timely manner by any other Licence holder liable to be materially affected by the disposal in question.

1.12.6 Additional requirements in respect of disposals
In addition to the requirements of Conditions 1.12.1 to Condition 1.12.5, the Licensee shall not without the prior written consent of the Authority (following the disclosure by the Licensee of all material facts) in respect of the Licensed Business:

(c) enter into an agreement or incur a commitment incorporating a cross-default obligation which has or could reasonably be expected to have a material effect on the Licensee’s ability to carry on the Licensed Business; or
(d) continue or permit to remain in effect any agreement or commitment incorporating a cross-default obligation subsisting at the date this Condition 1.12.6 takes effect which has or could be reasonably expected to have a material effect on the Licensee’s ability to carry on the Licensed Business, save that the Licensee may permit any cross-default obligation in existence at that date to remain in effect for a period not exceeding twelve months from that date, provided that the cross-default obligation is solely referable to an instrument relating to the provision of a loan or other financial facilities granted prior to that date and the terms on which those facilities have been made available as subsisting on that date are not varied or otherwise made more onerous.

(e) the provisions of sub-paragraph (c) and (d) of this paragraph shall not prevent the Licensee from giving any guarantee permitted by and compliant with the requirements of sub-paragraph (a).

(f) The payment condition referred to in sub-paragraph (b)(iv) is that the consideration due in respect of the transaction in question is paid in full when the transaction is entered into unless either:

In this Condition, the following terms shall have the meanings given to them below:

"cross-default obligation" means a term of any agreement or arrangement whereby the Licensee's liability to pay or repay any debt or other sum arises or is increased or accelerated or could reasonably be expected to be capable of arising, increasing or of acceleration by reason of a default (howsoever such default may be described or defined) by any person other than the Licensee, unless:

"disposal" includes any sale, assignment, gift, exchange, lease, licence, the grant of any right of possession, loan, security, mortgage, charge or the grant of any other encumbrance or the permitting of any encumbrance to subsist or any other disposition to a third party and "dispose" shall be construed accordingly.

"indebtedness" means all liabilities now or hereafter due, owing or incurred, whether actual or contingent, whether solely or jointly with any other person and whether as principal or surety, together with any interest accruing thereon and all costs, charges, penalties and expenses incurred in connection therewith.

"relevant asset" means any part of the Network operated from time to time by the Licensee or any gas plant used by the Licensee for purposes connected with the conveyance of gas, and any estate or interest in land required for the utilisation of the Network, gas storage facility or gas plant and shall include intangible assets including patents, copyright, design rights and other similar rights relating to or arising from construction or exploitation of the Network by the Licensee.
Condition 1.13: Payment of Fees

1.13.1 Licensee to pay annual fee

In respect of each year, beginning with the date of the Grant for the first year and 1st April for each subsequent year, during which the Licence is in force, the Licensee shall pay to the Authority fees of the amounts specified in or determined under the following paragraphs of this Condition ("the annual fees") except that where the Licence is in force for part only of such a year, the fees in respect of that year shall be the proportionate part of the annual fees.

1.13.2 Initial Fee

Within thirty days of the Authority giving the Licensee notice of the sum due, the Licensee shall pay to the Authority a sum not exceeding £300,000 determined by the Authority in accordance with the principles set out in Condition 1.13.3 in respect of the fee payable for that part of the year commencing on the date of the Grant and ending on 31st March and for each subsequent year commencing on 1st April the fees payable by the Licensee under this Condition shall be payable by the Licensee within 30 days of the Authority giving the Licensee notice of the sum due.

1.13.3 Amount of annual fee

In respect of the year beginning on 1st April 2002 and in each subsequent year, within 30 days of the Authority giving the Licensee notice of the sums due, the Licensee shall pay to the Authority a fee which is the aggregate of the following amounts:

(a) an amount equal to the proportion which the Authority shall determine in relation to the Licence of the amount estimated by the Authority, according to a method which has previously been disclosed in writing to the Licensee, as likely to be its costs during the year in question (i) in the exercise of its functions under the Order and the Energy Order in relation to the holders of Licences granted under Article 8(1)(a) of the Order and (ii) in connection with the establishment of the Authority and the transfer to the Authority of the functions, property, rights and liabilities of the Director General;

(b) an amount which is a proportion as determined by the Authority of the amount estimated by the Authority (in consultation with the Competition Commission) as having been incurred in the year immediately preceding the year in question by the
Competition Commission in connection with references made to it under Article 15 of the Order with respect to the Licence or any other Licence granted under Article 8(1)(a) of the Order; and

(c) the difference (being a positive or negative amount), if any, between:

(i) the amount of the fee paid by the Licensee in respect of the year immediately preceding the year in question in relation to the Licence; and

(ii) the amount which that fee would have been in respect of that year had the amount comprised therein under Condition 1.13.3(a) been calculated by reference to the total costs of the Authority in connection with its functions under the Order and its functions in relation to gas under the Energy order (or, where that year commenced on 1st April 2002, the total costs of the Director General including, without limitation, any costs incurred by the Director General in preparation for the establishment of the Authority, the transfer to the Authority of the functions, property, rights and liabilities of the Director General and the abolition of the office of the Director General) and the proportion thereof actually attributable to the Licence; such total costs being apportioned in each case as determined by the Authority according to a method previously disclosed in writing to the Licensee provided that the total fees payable by the Licensee in respect of the amounts determined by the Authority under Conditions 1.13.3(a) shall not in respect of the year ending on 31st March 2002 exceed £300,000 and, in respect of any subsequent year commencing on 1st April 2002 exceed £600,000 adjusted from 1st April 2002 annually by reference to the retail price index.

In respect of each year beginning on 1st April 2002 and for each subsequent year, the Authority may pay the Licensee an amount (“the refund”) calculated in accordance with the method previously disclosed in writing to the Licensee and by reference to the difference between:
(a) the proportion of the Licence fee for that year paid by the Licensee which is attributable to the Authority’s estimates in accordance with paragraph 1.13.3(a) above; and

(b) the Authority’s reasonable revised estimate of those costs;

provided that any such refund shall be paid to the Licensee on or before 31st March in the year to which the Licence fee relates.

The Licensee shall co-operate with District Councils for Northern Ireland, actual or potential operators of gas distribution pipe-lines and spurs and actual or potential gas suppliers with a view to developing gas supply from the Licensee's transmission pipe-lines. Such co-operation shall include providing District Councils for Northern Ireland, actual or potential operators of gas distribution pipe-line and actual or potential gas suppliers with such information as is at the Licensee's disposal, (other than confidential information the provision of which would or might, in the opinion of the Authority, seriously and prejudicially affect the interests of the Licensee) which would facilitate the development of infrastructure necessary for gas supply along the route of the Licensee's transmission pipe-lines.

1.15.2 Duty to facilitate construction of spurs

The Licensee shall ensure that its transmission pipe-lines are constructed in a manner which facilitates the construction and connection of spurs.

1.15.3 Duty to provide proposals for construction of spurs

(a) The Licensee shall, within 60 days (or such other time as may be agreed between the Licensee and Authority) of receipt of a request in writing from the Authority, or receipt of any other request in writing submitted with the approval of the Authority, or may at any time on its own initiative, provide proposals for the construction of a spur to any town, customer or group of customers.

1.15.4 **Right to require re-submission of a proposal**

If the Authority by notice to the Licensee rejects a proposal on the grounds that it does not satisfy any of the requirements of Condition 1.15.3(c) or does not contain any of the information required under Condition 1.15.3(b) the Licensee shall, within such period as the Authority may specify in the notice, submit a revised proposal which satisfies in all respects the requirements of Condition 1.15.3.

1.15.5 **Right to require construction of spur**

(a) Subject to paragraph (b), at the direction of the Authority or where a third party to whom a proposal has been provided so requests with the approval of the Authority, the Licensee shall proceed to construct a spur in accordance with a proposal submitted under Condition 1.15.3(a) or a revised proposal submitted under Condition 1.15.4 in each case, in accordance with the timetable for construction and completion set out in the proposal;

(b) The Licensee shall not be required to construct a spur if the cost of construction either separately or in association with the cost of other spurs would prejudice its ability to finance the Licensed Business or would have a material adverse effect on the Licensed Business or would in the Authority's opinion cause the postalised transmission tariff to rise to an extent which would have a material adverse effect on existing gas consumers.
PART 2

CONDITIONS APPLICABLE TO THE CONVEYANCE OF GAS
BY THE LICENCE HOLDER
Condition 2.1: Territorial Scope and the Securing of conveyance of gas within the Licensed Area

2.1.1 Territorial Scope

The Licensee is authorised to convey gas from one place to another in the Licensed Area.

2.1.2 Securing of Conveyance of Gas within the Licensed Area

The Licensee shall use all reasonable endeavours to procure that the North West pipe-line is operational as early as possible in the year 2004 and, subject to the Authority having served notice that postalisation has been achieved within the meaning of Schedule 1, Paragraph 1.2, that the South North pipe-line is operational as early as possible in the year 2006.
Condition 2.2 Conveyance Charges, Other Terms for the Conveyance of Gas and the Provision of Conveyance Services

2.2.1 Charges to be subject to Revenue Determination Formula

2.2.1.1 Application of the Revenue Determination Formula during Revenue Recovery Period

(a) In respect of any period when a Designation Order is not in place in respect of the Network, the Licensee shall use its reasonable endeavours to ensure that in each Gas Year during such period its Total Conveyance Revenue shall not exceed the Total Allowed Conveyance Revenue for that Gas Year.

(b) In respect of the first Gas Year commencing on or after the Designation Date and each Gas Year or part of a Gas Year thereafter for so long as a Designation Order is and remains in force in respect of the Network, the Licensee shall ensure that its Forecast Required Revenue to be notified to the Authority and the PSA in accordance with paragraphs (c) and (e) shall be calculated in accordance with the Formula.

(c) No later than the first Business Day in July in any Gas Year commencing on or after the Designation Date the Licensee shall provide to the Authority its calculation of Forecast Required Revenue for the next Gas Year.

(d) The Licensee shall provide to the Authority such explanations and information relating to the Licensee’s calculation of Forecast Required Revenue as may be required by the Authority.

(e) No later than the fifteenth Business Day in July in any such Gas Year referred to in subparagraph (c) the Licensee shall provide to the PSA the Licensee’s calculation of Forecast Required Revenue in respect of the next Gas Year.

(f) For all purposes the figures for the Licensee’s Forecast Required Revenue and Actual Required Revenue in respect of any Gas Year shall be the same, and shall be equal to the figure for the Total Allowed Conveyance Revenue for that Gas Year.

(g) Postalisation Adjustment

The Postalisation Adjustment for the purposes of the determination of Total Allowed Conveyence Revenue in Gas Year \( t \) will be an allowance (which could be positive or negative) comprised of the sum of the amounts set out in (i), (ii) and (iii) below:
(i) costs and expenses, losses and/or liabilities to be incurred, or incurred by the Licensee associated with the PSA and/or the Trustee under the agreements under which they are appointed;

(ii) amounts due in respect of Commodity Reconciliation Payments for Gas Year \( t-2 \) calculated according to the following formula:

\[
UNRPT_{t-2} \times (1+RE)^{1.5} \times \frac{CPI_t}{CPI_{t-2}} \times \frac{ARR_{t-2}}{PS \ ARR_{t-2}}
\]

where:

\( UNRPT_{t-2} \) = un-recovered Postalisation Payments as calculated by the PSA in respect of Gas Year \( t-2 \);

\( CPI_t \) = the forecast of the absolute value of the General Index of Consumer Prices – All items (1996 =100) as published by the Office of National Statistics (Series Identifier CHVJ) for Gas Year \( t \), as published in the preceding year’s May edition of the Bank of England Inflation Report or if such index is no longer published, such alternative index as the Authority shall, after consultation with the Licensee, determine most closely reflects the Consumer Prices Index;

\( CPI_{t-2} \) = the absolute value of the General Index of Consumer Prices – All items (1996 =100) as published by the Office of National Statistics (Series Identifier CHVJ) - for Gas Year \( t-2 \), or if such index is no longer published, such alternative index as the Authority shall, after consultation with the Licensee, determine most closely reflects the General Index of Consumer Prices –All items (1996 =100);

\( ARR_{t-2} \) = the Licensee’s Actual Required Revenue in respect of Gas Year \( t-2 \);
PS ARR_{t-2} = \text{the sum of the Actual Required Revenues (as defined in each Licensee's Respective Licence) of all Designated Pipeline Operators in respect of Gas Year t-2;}

RE = \text{the applicable real interest rate, which is calculated as the one-year LIBOR rate, as published on the 10\textsuperscript{th} business day of June in Gas Year t-1, plus 2\% minus CPI factor, calculated as:}

\text{LIBOR rate \% + 2\% - ([CPI_t / CPI_{t-1}) - 1] x 100)}

CPI_{t-1} = \text{the absolute value of the General Index of Consumer Prices – All items (1996 =100) as published by the Office of National Statistics (Series Identifier CHVJ) - for Gas Year t-1, or if such index is available the latest CPI figure published in Gas Year t-1}

(iii) \text{such amount as the Authority may, after consultation with the Department, deem appropriate in respect of costs incurred by the Licensee in connection with approved activities in relation to the development and maintenance of an efficient, economic and co-ordinated gas industry in Northern Ireland.}

2.2.1.2 \textbf{Termination Payments}

If the Licensee receives any sums due under the Network Code upon the termination of a Gas Supplier's Accession Agreement in respect of future Gas Years following the Gas Year in which the date of termination occurs, the Authority shall amend the Forecast Required Revenue and Actual Required Revenue to take account of such payment, according to a methodology agreed with the Licensee.

2.2.2 \textbf{Allowed Capital Expenditure}

(a) The Licensee may at any time and shall no later than:-

(i) 18 months after the date of the Grant, in respect of the North West Pipeline; and

(iii) the date 24 months after the date specified in Condition 2.2.2(a)(i), in respect of the Spurs and any associated Postalised Distribution Pipelines; or

(iv) such later date as the Authority agrees (taking account in particular of exceptional circumstances which could not reasonably have been foreseen by the Licensee)

submit a forecast of the amount and timing of Capital Expenditure in respect of the pipe-lines in question, separately identifying the amount of such expenditure that the licensee believes would be Uncontrollable Capital Expenditure (each an “Uncontrollable Capital Expenditure Estimate”) and the amount that the Licensee believes would not (each a “Controllable Capital Expenditure Estimate”).

The Licensee shall provide such further information or explanation and documents and records as the Authority reasonably requires for the purpose of verifying each Controllable Capital Expenditure Estimate and each Uncontrollable Capital Expenditure Estimate including, without limitation, all figures, costs, estimates and assumptions comprised in or underlying the same.

(b) The Authority may, following verification, by notice to the Licensee in respect of each such Controllable Capital Expenditure Estimate:

(i) approve the Controllable Capital Expenditure Estimate as the Verified Controllable Capital Forecast for the pipe-line in question; or

(ii) determine as the Verified Controllable Capital Forecast for the pipe-line in question such amended figure as it considers appropriate;

provided that before making any amendments to the Controllable Capital Expenditure Estimate the Authority shall provide details of the amendments and the reasons for them (such reasons to be based on established gas transmission pipeline engineering and cost control principles) and give the
Licensee an appropriate period (being not less than 28 days) to comment on them.

(c) The Licensee shall:

(i) not later than 3 months after the end of each 12 month period from the date of the Grant up to the relevant First Operational Commencement Date; and

(ii) not later than 3 months after the end of each Gas Year;

provide the Authority with

(aa) its current forecasts of the amount and timing of Capital Expenditure in respect of each of (to the extent applicable) the North West Pipeline, the South North Pipeline, each of the Spurs and any associated Postalised Distribution Pipelines, separately identifying the amount of expenditure that the Licensee believes would be Uncontrollable Capital Expenditure; and

(ab) details of the amount and timing of Capital Expenditure the Licensee has actually incurred in respect of each of (to the extent applicable) the North West Pipeline, the South North Pipeline, each of the Spurs and any associated Postalised Distribution Pipelines, separately identifying the amount of expenditure that the Licensee believes would be Uncontrollable Capital Expenditure.

(d) As soon as reasonably possible after completion of

(i) the North West Pipeline;

(ii) the South North Pipeline;

(iii) each of the Spurs and any associated Postalised Distribution Pipelines;

the Licensee shall submit details of the amount and timing of cumulative Capital Expenditure actually incurred in respect of each such pipe-line, separately identifying the amount of such expenditure which it has incurred which it believes to be Uncontrollable Capital Expenditure (the “Total Uncontrollable Capital
Expenditure”), and the amount that the Licensee believes would not (the “Total Controllable Capital Expenditure”); and

(a) such Total Controllable Capital Expenditure shall, subject to Condition 2.2.2 (e) and (f), be the Actual Controllable Capital Expenditure for the respective pipeline;

(b) such Total Uncontrollable Capital Expenditure shall, subject to Condition 2.2.2 (e) and (g), be the Actual Uncontrollable Capital Expenditure for the respective pipeline.

(e) The Licensee shall provide such further information or explanation and documents and records as the Authority reasonably requires for the purpose of auditing the Total Controllable Capital Expenditure and the Total Uncontrollable Capital Expenditure figures submitted by the Licensee in accordance with Condition 2.2.2 (d), and/or the forecasts and details provided by the Licensee in accordance with Condition 2.2.2 (c).

(f) The Authority may, following audit pursuant to Condition 2.2.2 (e), by notice to the Licensee in respect of the Total Controllable Capital Expenditure figures submitted by the Licensee in accordance with Condition 2.2.2 (d):

(i) approve the Licensee’s relevant Total Controllable Capital Expenditure figure as the Actual Controllable Capital Expenditure for the North West Pipeline, South North Pipeline, the Spurs and any associated Postalised Distribution Pipelines, as appropriate; or

(ii) determine as the Actual Controllable Capital Expenditure such amended figure as it considers appropriate for the North West Pipeline, South North Pipeline, or the Spurs and any associated Postalised Distribution Pipelines, as appropriate if, in its reasonable opinion, the figure proposed by the Licensee does not accurately reflect the Controllable Capital Expenditure incurred by the Licensee in respect of the pipeline in question,

provided that before making any amendments to the Total Controllable Capital Expenditure figure submitted by the Licensee the Authority shall provide details of the amendments and the reasons for them (such reasons to be based on established gas
transmission pipeline engineering and cost control principles) and give the Licensee an appropriate period (being not less than 28 days) to comment on them.

(g) The Authority may, following audit pursuant to Condition 2.2.2 (e), by notice to the Licensee in respect of Total Uncontrollable Capital Expenditure figures submitted by the Licensee in accordance with Condition 2.2.2 (d):

(i) approve the Licensee’s relevant Total Uncontrollable Capital Expenditure figure as the Actual Uncontrollable Capital Expenditure for the North West Pipeline, South North Pipeline, the Spurs and any associated Postalised Distribution Pipelines, as appropriate; or

(ii) determine as the Actual Uncontrollable Capital Expenditure such amended figure as it considers appropriate for the North West Pipeline, South North Pipeline, or the Spurs and any associated Postalised Distribution Pipelines, as appropriate if, in its reasonable opinion, the figure proposed by the Licensee does not accurately reflect Uncontrollable Capital Expenditure incurred by the Licensee in respect of the pipeline in question, including, without limitation, if, in its reasonable opinion, any part of the expenditure included by the Licensee within the Total Uncontrollable Capital Expenditure figure falls outside the categories of Uncontrollable Capital Expenditure asset out in Condition 2.2.3(a);

provided that before making any amendments to the Total Uncontrollable Capital Expenditure figure submitted by the Licensee the Authority shall provide details of the amendments and the reasons for them (such reasons to be based on established gas transmission pipeline engineering and cost control principles) and give the Licensee an appropriate period (being not less than 28 days) to comment on them.

2.2.3 Uncontrollable Capital Expenditure

a). The following categories of Capital Expenditure shall comprise an exhaustive list of all “Uncontrollable Capital Expenditure” for the purposes of this Condition 2.2 and Annex A:

(iv). such other categories of Capital Expenditure as the Authority may agree with the Licensee as Uncontrollable Capital Expenditure.

The Licensee shall at all times use all reasonable endeavours to minimise the amount of Uncontrollable Capital Expenditure without adversely impacting on the safety of the Economic Network.

2.2.4 Allowed Operating Expenditure

(a) Allowed Operating Expenditure for the purpose of this Condition and the determination of Total Allowed Conveyance Revenue in accordance with the Formula shall be the Operating Expenditure, both Controllable Operating Expenditure and Uncontrollable Operating Expenditure, which the Authority deems necessary or appropriate for:

(i) the North West Pipeline; and

(ii) the South North Pipeline; and

(iii) each of the Spurs;

in each case in accordance with established gas transmission pipeline engineering and cost control principles given forecast development and throughput, established in accordance with the remaining paragraphs of this Condition 2.2.4.

(b) The Licensee shall provide such information or explanation and documents and records as the Authority reasonably requires for the purpose of verifying the forecast annual Operating Expenditure figures provided by the Licensee in accordance with Condition 2.2.4 (c) and (f).

(c) The Licensee may at any time and shall no later than twelve (12) months before the First Operational Commencement Date or such other date as agreed by the Authority and Licensee submit to the Authority a forecast of annual Operating Expenditure, both Controllable Operating Expenditure and Uncontrollable Operating Expenditure for each Gas Year of the Revenue Recovery Period for:

(i) the North West Pipeline;
(ii) the South North Pipeline; and

(iii) each of the Spurs

(d) If the Authority following verification approves the forecast of annual Operating Expenditure submitted under paragraph (c) that forecast shall, subject to subsequent adjustment in accordance with paragraphs (g), (h), (i), (j) and (k) be the Allowed Operating Expenditure for the Gas Year in question.

(e) If the Authority following verification and consideration of such further information as may be submitted by the Licensee considers that the Licensee’s forecast should be approved subject to modification, the amended sums notified to the Licensee by the Authority shall, subject to subsequent adjustment in accordance with paragraphs (g), (h), (i), (j) and (k) be the Allowed Operating Expenditure for the Gas Year in question provided that before making any modifications to the Licensee’s forecast, the Authority shall provide details of the proposed modifications and the reasons for them and give the Licensee an appropriate period (being not less than 28 days) to comment on them.

(f) The Licensee shall, on the date 15 months prior to each Review Date or such other date as agreed between the Authority and the Licensee, submit to the Authority the Licensee’s then current estimate of annual Operating Expenditure (separately identifying the Controllable Operating Expenditure and the Uncontrollable Operating Expenditure) for each of the Gas Years in the period from the Review Date to the end of the Revenue Recovery Period.

(g) If the Authority, following verification, approves the forecasts of annual Operating Expenditure submitted under Condition 2.2.4 (f), such forecast Operating Expenditure for each Gas Year commencing on the next Review Date set out in such forecast shall, subject to subsequent adjustment in accordance with Condition 2.2.4 (g), (h), (i), (j) and (k) be the Allowed Operating Expenditure for such Gas Year in place of the Allowed Operating Expenditure for such Gas Year as previously determined in accordance with Condition 2.2.4 (d), (e), (g), (h) or (i), as appropriate.

(h) If the Authority, following verification and consideration of such further information as may be submitted by the Licensee, determines that the Licensee’s forecast submitted under Condition 2.2.4 (f) should be approved subject to amendments, the forecast Operating Expenditure for each Gas Year commencing on the next Review Date set out

(i) A special operating expenditure forecast review may be requested at any time by either the Licensee or the Authority if the Actual Operating Expenditure in any Gas Year differs from the most recently agreed forecast by more than 15% and the Authority may, following such a review, substitute an amended figure as the Allowed Operating Expenditure for the remaining term (including the Gas Year in which the review occurs) of the Revenue Recovery Period subject always to subsequent amendment in accordance with Condition 2.2.4 (g), (j), (h) and (k) or this condition 2.2.4 (i). The Licensee shall provide to the Authority such information and explanations and such documents and records as the Authority reasonably requires for the purposes of any special Operating Expenditure forecast review.

(j) The Licensee shall be permitted to seek the Authority’s approval to recover Unforeseen Operating Expenditure. Where possible Unforeseen Operating Expenditure should be approved prior to being incurred, however it is recognised that in all circumstances prior approval may not be possible. Where the Authority, in its absolute discretion, approves the recovery of any Unforeseen Operating Expenditure, such adjustment as the Authority determines appropriate will be made to the figure for Allowed Operating Expenditure applying to the second Gas Year following the Gas Year in which the expenditure was incurred and will include an interest element based on LIBOR plus 2%. 
(k) The Licensee shall submit, on an annual basis, no later than six months before the end of the Gas Year, details of Actual Uncontrollable Operating Expenditure incurred in the preceding Gas Year.

The difference between the Actual Uncontrollable Operating Expenditure and the Allowed Uncontrollable Operating Expenditure will be accounted for by an adjustment to the Allowed Operating Expenditure, applying to the second Gas Year following the Gas Year in which the expenditure was incurred and will include an interest element based on LIBOR plus 2%.

(l) The Licensee shall, as soon as practicable and in any event not later than six (6) months after the end of each Financial Year, submit to the Authority a statement, certified by its auditors as being accurate, detailing the Actual Operating Expenditure (separately identifying the Actual Controllable Operating Expenditure and the Actual Uncontrollable Operating Expenditure) incurred by the Licensee during the preceding Financial Year in the administration, maintenance and operation of the North West Pipeline, the South North Pipeline, and the Spurs.

(ii) Where NDP is negative in respect of a month (month “m”), an amount (a “Debt Repayment”) shall be payable by the Licensee to each relevant Gas Supplier (or former Gas supplier, as the case may be) in respect of any such negative figure. In reference to a Gas Supplier “s” a Debt Repayment shall be calculated by the PSA in accordance with the following formula (the “Debt Repayment Formula”):
