2. Procedure Description

2.1 Customer Requests for Consumption Data

2.1.1 Interval Consumption Profile

Requests may be made for Interval Consumption Profile data through the NIE Website.

Customers will be required to provide the email address to which the Interval profile is to be sent and the period start and end dates for which the profile is required. The start date may be no earlier that the first of the month of the previous year that corresponds to the month of the request.

NIE will send the Interval data profile obtained from the Meter Point to the requested email address within three working days. The profile will include all Interval readings that are held by NIE for the complete months in the period between the start and end dates.

One non-chargeable request may be made for a Meter Point in a calendar year. This limit is independent of the request is from a Customer or a Supplier. The Customer will be notified in advance, by email, if a charge is to be applied. If the request is not withdrawn the charge will be billed to the Registered Supplier.

2.1.2 Non-Interval Consumption Data - SToD Metering

Requests for SToD consumption data for periods within the last twelve months where a Meter Point was previously equipped with Non-Interval SToD metering must be made manually to NIE and NIE will be respond to these requests manually¹.

One non-chargeable request may be made for a Meter Point in a calendar year. This limit is independent of the request is from a Customer or a Supplier. The Customer will be notified in advance, by email, if a charge is to be applied. If the request is not withdrawn the charge will be billed to the Registered Supplier.

¹ Until implementation of the provisions Energy End Use Efficiency and Energy Services Directive relating to the provision of consumption data by Suppliers to their customers, these arrangements will be available for all commercial customers.

### 2.3 Supplementary Information

A Supplier may also obtain the MPRN from NIE as provided for in *MG NI 23 Supplier Data Requests* in order to register the Customer.

A Customer may nominate an authorised agent, such as a Supplier, to act on its behalf. Where this occurs the authorised agent must provide to NIE written evidence of their authorisation to act on the Customers behalf.

Connection Agreements must be signed by the Customer and may not be signed by an authorised agent.

A Customer will order a replacement Keypad Premises Number Card through their Supplier.
