Annex C – Proposed Modifications to WTL Licence

This Annex sets out the proposed modifications to the WTL Licence.

The first part covers proposed modifications to the licence Condition ‘Connection Charges and Obligation to Connect’. The second part covers proposed modifications to other licence conditions.

- Proposed deletions are indicated by red text which has been struck through.
- Proposed additions are indicated by red text which is underlined.
- Blue highlights indicate wording within the licence Condition ‘Connection Charges and Obligation to Connect’ which is proposed to be specific to high pressure licences.

We note that as standardisation between low pressure and high pressure licences of licence conditions other than ‘Connection Charges and Obligation to Connect’ has not been the focus of the current licence modification proposals, the use of blue highlights has been limited to that condition.
