(a) In respect of any period when a Designation Order is not in place in respect of the Postalisation Pipe-line, the Licensee shall, in setting its charges for the transmission of gas in the Postalisation Pipe-line during the Revenue Recovery Period, use its best endeavours to ensure that in each Gas Year the Total Postalisation Transmission Revenue shall not exceed the Total Allowed Postalisation Transmission Revenue for that year calculated in accordance with the Formula, in addition to observing the provisions of Condition 2.3A.9.

(b) In respect of the Gas Year commencing on or after the Designation Date and each Gas Year or part of a Gas Year thereafter for so long as a Designation Order is and remains in force in respect of the Postalisation Pipe-line, the Licensee shall ensure that for each such Gas Year both:

(i) its Forecast Required Revenue; and

(ii) its Actual Required Revenue,

notified to the Authority and the PSA in accordance with Conditions 2.3A.1(d) and 2.3A.1(e) shall be the same as the Total Allowed Postalisation Transmission Revenue for that Gas Year.

(c) For the avoidance of doubt, the Licensee’s Forecast Required Revenue and Actual Required Revenue for the purposes of Part 2A of the Licence Document shall be the same amount; and both shall equal the Total Allowed Postalisation Transmission Revenue both during and after the Revenue Recovery Period.

(d) No later than the first Business Day in July in any Gas Year commencing on or after the Designation Date the Licensee shall provide to the Authority its calculation of Forecast Required Revenue for the next Gas Year together with such explanations and information as may be reasonably necessary to permit the Authority to verify that the Forecast Required Revenue has been calculated in accordance with any
(e) No later than the fifteenth Business Day in July in any such Gas Year referred to in sub-paragraph (d) the Licensee shall provide to the PSA its calculation of Forecast Required Revenue in respect of the next Gas Year.

2.3A.2 The Formula

The Total Allowed Postalisation Transmission Revenue for each Gas Year during the Revenue Recovery Period shall be calculated in accordance with the following formula:

\[ ARR_t = (CRR + ORR_t) \times \frac{RPI_t}{RPI_0} + PA_t \]

where:

- \( ARR_t \) = Total Allowed Postalisation Transmission Revenue in Gas Year \( t \)
- \( CRR \) = Capital Asset Base Recovery, as determined pursuant to Condition 2.3A.3
- \( ORR_t \) = Allowed Operating Expenditure in Gas Year \( t \), as determined pursuant to Conditions 2.3A.4 and 2.3A.7
- \( RPI_t \) = the estimate of the absolute value of the Retail Price Index to be published in respect of March of Gas Year \( t \), as determined pursuant to Condition 2.3A.6
- \( RPI_0 \) = the absolute value of the Retail Price Index published for March of 2004, being 184.6
- \( PA_t \) = Postalisation Adjustment for Gas Year \( t \), as determined pursuant to Condition 2.3A.5

2.3A.3 Capital Asset Base Recovery

\[ CRR = \frac{OAV \times r}{(1 + r)^{N} \times \left[1 - \left(1 + r\right)^{-N}\right]} \]

Where:

- \( OAV \) = an amount to be determined by the Authority and notified to the Licensee in writing as being the appropriate asset value of the Postalisation Pipe-line as at 1st October 2004.
- \( N \) = 12, being the number of Gas Years between October 2004 and the end of the Revenue Recovery Period.
2.3A.4 **Allowed Operating Expenditure**

Allowed Operating Expenditure for the purpose of this Condition and the determination of Total Allowed Postalisation Transmission Revenue in accordance with the Formula shall be the operating expenditure which the Authority deems necessary or appropriate for the development, construction, maintenance and operation of the Postalisation Transmission Network to provide Postalisation Transmission Services in an economically efficient and safe manner given forecast development and throughput and in accordance with established gas transmission pipe-line engineering and cost control principles, determined in accordance with the procedure set out in Condition 2.3A.7.

2.3A.5 **Postalisation Adjustment**

The Postalisation Adjustment for the purposes of the determination of Total Allowed Postalisation Transmission Revenue in Gas Year $t$ will be an allowance (which could be positive or negative) comprised of the sum of the amounts set out in Conditions 2.3A.5(a) to 2.3A.5(c) inclusive together with any other amounts deemed by the Authority to be necessary or appropriate, to be determined in accordance with the procedure set out in Condition 2.3A.5(d):-

(a) costs associated with the PSA and trustee;

(b) amounts due in respect of Commodity Reconciliation Payments, calculated according to the following formula:

\[
UNRPT_{t-2} \times (1+RE)^{1.5} \times \frac{\text{CPI}_t}{\text{CPI}_{t-2}} \times \left[ \frac{\text{ARR}_{t-2}^{t-2}}{\text{PS ARR}_{t-2}} \right]
\]

where, for the purposes of this Condition 2.3A.5:-

- $UNRPT_{t-2} =$ unrecovered postalisation payments as calculated by the PSA in respect of Gas Year $t-2$.
- $\text{CPI}_t =$ the forecast of the absolute value of the Consumer Prices Index for the Gas Year $t$, as set out in the edition of the Bank of England Inflation Report published in May of the previous Gas Year or where no such forecast is published, such other forecast as the Authority
may after consultation with the Licensee determine to be appropriate in the circumstances.

\[ \text{CPI}_{t-2} = \text{the absolute value of the General Index of Consumer Prices --All items (1996 =100) as published by the Office of National Statistics (Series Identifier CHVJ) for the Gas Year } t-2, \text{ or if such index is no longer published such comparable alternative as the Authority deems appropriate;} \]

\[ \text{ARR}_{t-2} = \text{in respect of Gas Year } t-2, \text{ the Licensee’s Actual Required Revenue, which shall be equal to its Total Allowed Postalisation Transmission Revenue as determined in accordance with the Formula} \]

\[ \text{PS ARR}_{t-2} = \text{in respect of Gas Year } t-2, \text{ the sum of the Actual Required Revenues (as defined in their respective licences) of all Designated Pipe-line Operators in respect of such Gas Year} \]

\[ \text{RE} = \text{the applicable interest rate calculated as the one-year LIBOR rate, as published on the 10th Business Day of June in Gas Year } t-1, \text{ plus 2% minus CPI}_{t}; \]

(c) such amount as the Authority may deem appropriate in respect of costs incurred by the Licensee in connection with approved activities in relation to the development and maintenance of an efficient, economic and co-ordinated gas industry in Northern Ireland.

(d) (i) No later than 1 June in each Gas Year, the Licensee shall submit to the Authority a proposed figure for the Postalisation Adjustment, together with any information it feels necessary to justify that figure.

(ii) If the Authority, following verification and consideration of such additional information as may be submitted by the Licensee, approves the Licensee’s proposed Postalisation Adjustment, then the figure submitted by the Licensee pursuant to Condition 2.3A.5(d)(i) shall be the Postalisation Adjustment for the purposes of determining Total Allowed Postalisation Transmission Revenue.
(iii) If the Authority, following verification and consideration of such additional information as may be submitted by the Licensee, considers that the Licensee’s proposed figure should be approved subject to modification, then the figure submitted by the Licensee pursuant to Condition 2.3A.5(d)(i), as modified in the manner notified to the Licensee by the Authority following consultation with the Licensee, shall be the Postalisation Adjustment for the purposes of determining Total Allowed Postalisation Transmission Revenue.

2.3A.6 Retail Price Index

\[ \text{RPI}_t = \text{the estimate of the absolute value of the Retail Price Index to be published for Gas Year } t, \text{ as set out in the May edition of the Bank of England Inflation Report of the previous Gas Year, or where no such forecast is published, such other forecast as the Authority may after consultation with the Licensee determine to be appropriate in the circumstances.} \]
